

# Cardiff University Science in Health Public Lecture Series

## October 2016 - March 2017

**A series of free public lectures  
with two main aims:**

- ▶ To open up areas of concern in health care
- ▶ To present new research on health issues to the public

## About the lecture series

The highly successful Science in Health Public Lecture Series is now in its fourteenth year and attracts a diverse audience of interested individuals including the public, secondary school pupils and professionals.

The lectures are FREE to attend; no booking is required, so please arrive promptly to ensure a good seat.

There will be opportunities for sixth-form students to meet with some of the speakers before the lectures – for more information please contact [edwardske4@cardiff.ac.uk](mailto:edwardske4@cardiff.ac.uk)
