

Tuition Fees for Postgraduate Research Degrees 2012/13

This table lists the fees for postgraduate research programmes for the academic year 2012/13. Unless otherwise stated, part-time fees are shown as the cost for one year of study, and fees will be payable for each subsequent year of study. For an approximate total cost, therefore, fees should be multiplied by the number of years of study (please note, however, that fees for future years are subject to change).

Please note that this information is updated regularly and is intended as a guide. Whilst every effort is made to ensure that it remains accurate, you are advised to confirm the cost of your desired course with the relevant academic school. If you are offered a place on a postgraduate programme, you will be notified of the fee for your programme of study in the enrolment pack sent out to you prior to your arrival at the University.

Fees status queries: Tuition fees status is determined by the University during the processing of applications, and we are therefore unable to confirm this in advance. If you are unsure as to your fees status, you may find it helpful to refer to guidance offered by the UK Council for International Education (UKCOSA), which can be accessed online at: http://www.ukcosa.org.uk/student/info_sheets/tuition_fees

Full-time Opportunities

	Tuition fees (£) per annum, for the academic year 2012/13	
	UK/EU Full-time	International Full-time
Research Degree Full-time opportunities		
Arts based programmes - standard fee	TBC	TBC
