South Wales Police and Cardiff University Security & Portering Services are offering a free and easy to use registration service with the UK National Property Register – Immobilise.

www.Immobilise.com is a National Data Base recognised by Police Forces throughout the UK.

Benefits of registration:

Immobilise helps UK Police forces to identify the owner of lost & stolen goods thousands of times every day and reunite owners with their property.

Loss & theft updates you make are immediately available to the Police nationwide.

Combat the sale of stolen property, alert the second-hand trade and the publicly checkable stolen goods database, CheckMEND, if an item goes missing.

Simplify insurance claims and Police reports with certificates of ownership.

Great member offers from the likes of Nokia & other supporters, plus make savings with ImmoCompare to help support Immobilise.

Don't let them get away with it!
