

UNIVERSITY RESIDENCES NETWORK CONNECTIONS (RESLAN)

Please refer to this list before you leave home:

Please check that you have packed the following things:	✓
All computer hardware – PC, Laptop, Monitor, Mouse, Keyboard, Printer, etc.	
All necessary power and connection leads (the correct network cable will be provided for you). <i>Overseas students you will need to ensure that your power adapter has a British Standard (BS 1363)-compliant plug. These are available locally in Cardiff.</i>	
Mains adapter (if required)	
Operating system recovery CDs (including license numbers)	
Application software e.g. Microsoft Office CDs (including license numbers)	
Product documentation (including warranty details)	

We also recommend that you do the following:	✓
Check that your PC is in good working order, with no obvious hardware faults. In particular, check that your CD drive is working correctly. Please note that Information Services do not offer a repair service for faulty equipment.	
Scan your PC for viruses using either your own existing up-to-date anti-virus software or a free online scanner.	
Check your PC for Spyware and Adware. You can download suitable products from the web to do this.	
Check that your PC has an Ethernet Network Card. If not, buy one and, in the case of a desktop, get it fitted.	
Make backup copies of all important work including pictures, music and movies, in case you have to reinstall your operating system or your computer develops a fault during travel.	
Make sure you know any usernames and passwords that have been set on your PC.	

If you have an Internet connection at home, please check our website before leaving home for the very latest information

CYSYLLTIADAU RHWYDWAITH NEUADDAU PRESWYL (RESLAN)

Darllenwch y rhestr hon cyn gadael eich cartref:

Gofalwch eich bod wedi pacio'r pethau hyn:	✓
Pob caledwedd cyfrifiadurol – Cyfrifiadur personol, Gliniadur, Sgrîn, Llygoden, Bysellfwrdd, Argraffydd, ac ati.	
Pob cebl pwer a chyswllt (byddwn yn rhoi'r cebl rhwydwaith cywir i chi). Myfyrwr tramor: sicrhewch bod plwg eich addaswr pwer yn cydymffurfio â safon BS 1363 - maent ar gael yn lleol.	
Addaswr prif gyflenwad (os oes angen)	
Crynoddisgiau adfer y system weithredu (gyda'r rhifau trwyddedau)	
Meddalwedd e.e. Crynoddisgiau Microsoft Office (gyda'r rhifau trwyddedau)	
Gwaith papur (gan gynnwys manylion gwarant)	

Dylech hefyd wneud y canlynol:	✓
Gofalwch bod eich cyfrifiadur personol yn gweithio'n iawn, heb unrhyw nam amlwg ar y caledwedd. Yn fwy na dim, gwiriwch bod eich gyriant CD yn gweithio'n iawn. Nid yw'r Gwasanaethau Gwybodaeth yn cynnig gwasanaeth trwsio offer diffygiol.	
Sganiwch eich cyfrifiadur personol am unrhyw firws trwy ddefnyddio'ch meddalwedd gwrth-firws cyfredol neu unrhyw sganiwr am ddim o'r we.	
Gwiriwch eich cyfrifiadur am 'Spyware' ac 'Adware'. Gallwch lawrlwytho cynhyrchion addas o'r we i wneud hyn.	
Gofalwch bod gennych 'Ethernet Network Card' ar gyfer eich cyfrifiadur. Os nad oes gennych un, prynwch un – ac yn achos cyfrifiadur bwrdd gwaith, gofalwch bod rhywun yn ei osod.	
Gwnewch gopiau wrth gefn o bob gwaith pwysig gan gynnwys lluniau, cerddoriaeth a ffilmiau, rhag ofn y byddwch yn gorfod ailosod eich system weithredu neu rhag ofn i nam ddatblygu ar eich cyfrifiadur wrth deithio.	
Cofiwch bob rhif defnyddiwr neu gyfrinair sy'n gysylltiedig â'ch cyfrifiadur personol.
