

## David Bainton Archive Contents

### Box 1

#### *Folder 1*

Polio project. Includes correspondence, graphs and papers related to Bainton D, Freeman M, Magrath D. *Immunity to poliomyelitis of 7-15 year old children after a reinforcing dose of either inactivated or live attenuated coral vaccine.*  
Correspondence dates from the period 1976 - 1989.

#### *Folder 2*

Colour photograph of 6 unnamed people ; stamped "Received 6th April, 1992."  
Compliment slip attached from Medical Research Council (MRC) Epidemiology Unit, Llandough Hospital, Cardiff.

#### *Folder 3*

Correspondence and results tables relating to the Speedwell study: blood pressure comparability in Speedwell and Caerphilly. Includes costing for the project.

#### *Folder 4*

Handwritten tables and a collection of surveys relating to the Barry Gallstone Survey.

#### *Folder 5*

Papers concerning dietary fat in ischaemic heart disease and gallstone formation.

#### *Folder 6*

Content repeats that in Folder 5.

#### *Folder 7*

Large folder of handwritten notes on arteriosclerosis.

#### *Folder 8*

Marked Thesis Draft. A large number of handwritten notes and printed notes on faecal excretion of bile acids and cholesterol.

#### *Folder 9*

Pages from journal/book discussing the electrocardiogram in epidemiological studies; handwritten notes.

#### *Folder 10*

Notes concerning the Minnesota Code related to electrocardiography and several ECG printouts.

#### *Folder 11*

Notes concerning the Barry Gallbladder Survey. Includes details of cholecystectomies, September 1973, and notes concerning people involved in the survey.

#### *Folder 12*

Example of survey related to heart disease and gallstone study. Booklet entitled

*Protocol* and on the inside cover, *Epidemiology of gallstones*. Includes census figures and handwritten results/figures.

*Folder 13*

Three reprints from the Nagoya Medical Journal.

*Folder 14*

Large number of journal articles on the subject of gallstones.

*Folder 15*

Tables and results from Barry Gallbladder Survey.

*Folder 16*

Handwritten notes, diagrams and results/tables relating to the Barry Gallstone Survey.

*Folder 17*

Results from the Barry Gallstone Survey and examples of the different surveys conducted.

*Folder 18*

Results, tables, graphs and drafts of paper; "*Prevalence of gallbladder disease in a defined community*".

*Folder 19*

Tables of results concerning drug effects on the bile duct. Also includes document entitled, "*Protocol for a study to determine the optimal dosage of sodium iopodate (biloptin) for oral cholecystography*."

*Folder 20*

Photocopied journal articles concerning the gall bladder.

*Folder 21*

Photocopied journal articles concerning cholesterol levels in diet.

*Folder 22*

Journal articles concerning cholesterol metabolism.

*Folder 23*

Journal articles concerning temperature in myocardial infarction.

*Folder 24*

Heart disease and gallstones: survey and protocol example.

**Box 2**

*Envelope 1*

Copy of booklet entitled, *In harm's way: toxic threats to child development: a report by the Greater Boston Physicians for Social Responsibility*. Prepared in conjunction with the Clean Water Fund.

## *Envelope 2*

Information regarding the use of ISBNs including:

- A letter from the Standard Book Numbering Agency Ltd.
- A copy of “*ISBN international standard book numbering incorporating guidelines for software publishers, 1992*”.
- Several Whitaker/CIP book information forms with guidelines.
- Print- out of various ISBNs.

## *Folder 1*

E-mailed newsletter entitled, “*Rachel’s Environment and Health Weekly*” dated January 2000 to May 2001.

## *Folder 2*

Draft report of a visit to a Mr and Mrs Steve Fisher, dated August 27, 1998.

## *Folder 3*

Reprint: Thomas HF, Sweetnam PM, Yarnell JWG, Bainton D, Elwood P, Cook DG. *Prognosis of chest pain and angina in the Caerphilly and Speedwell surveys*. Dated: 9th February 1999.

Copy of letter discussing amendments to paper.

## *Folder 4*

Collection of journal articles concerning environmental issues.  
Correspondence concerning permission to reproduce data.

## *Folder 5*

Title - Websites/passwords.

Information concerning colorectal forum online, breast cancer forum online.

## *Folder 6*

Title - Holistic medicine.

Photocopied articles from a variety of publications.

Course programme, *Holistic medicine: system theory and its relevance to integrated healthcare.*” Dated December 1988 and organised by the British Postgraduate Medical Federation at the University of London.

## *Folder 7*

Title - General Medical Council.

Collection of General Medical Council publications.

1. Confidentiality: protecting and providing information.
2. Revalidation: the privileges and obligations of registration.
3. Changing times, changing culture.
4. Revalidating doctors: ensuring standards, searching the future.
5. Serious communicable diseases.
6. Seeking patient’s consent: the ethical considerations.
7. Annual registration certificate x2.
8. Duties of a Doctor.
9. GMC newsletter, winter 1998.
10. Good medical practice.

11. Maintaining good medical practice.
12. Newsletter, summer 1995.
13. Newsletter, autumn 1992.
14. Letter from the Royal College of Physicians, dated 25<sup>th</sup> April, 1969 confirming pass awarded for Common Part I MRCP examination.
15. Certificate from the General Medical Council of full registration as a Medical Practitioner, dated 8<sup>th</sup> September 8, 1966.
16. Certificate from the General Medical Council of provisional registration as a Medical Practitioner, dated 6<sup>th</sup> July, 1965.
17. Letter from the Department of Health and Social Security concerning superannuation payments during employment at Medical Research Council, dated 8th April, 1970.
18. Black and white photograph, unlabelled, stamped CRI , 23rd July, 1969.

*Folder 8*

Title - Medical Protection Society.

1. Copy of [www.doctors.net.uk](http://www.doctors.net.uk), dated 11th January, 2001.
2. Copy of *Medical Protection Society Limited, Memorandum and articles of association 1995*.
3. Copy of *Medical Protection Society Limited, Memorandum and articles of association 1996*.
4. Copy of *Medical Protection Society, Information for members: guidance for good practice*.
5. Folder of information entitled, "*Prescribe yourself protection: your invitation to join the Medical Protection Society*"
6. Medical Protection Society membership certificate.
7. Copy of booklet, *Important Communication for Members*.

*Folder 9*

Title - CPD.

1. Copy: Faculty of Public Health Medicine. *Continuing professional development for public health medicine - implementing the next stage*. March 1995.
2. Copy: Public health medicine comparative audit 2000: multiple choice questionnaire.
3. Copy of presentation, "*Lifelong learning: the 2nd cycle of the CPD for public health 2000 - 2004*".
4. Copy: Faculty of Public Health Medicine, *Continuing Professional Development*.
5. Certificate of attendance at a conference entitled, "*The challenge of cancer care in Wales*", November 2000.
6. Programme for seminar organised by Gwent Health Authority on health impact assessment, May 2000.
7. Feedback on *Faculty of Public Health Medicine Survey*, 13th January, 1999.
8. Programme, "*Managed clinical network masterclass*", 27th October, 2000.
9. Certificate from the Faculty of Public Health Medicine, *Continuing professional development: completion of cycle 1997 - 1999*.
10. Correspondence from and to the Faculty of Public Health Medicine, dated

1997 - 2001.

11. Community Physician faculty newsletter.
12. Copy of C.V., dated 1995.

*Folder 10*

Photocopied and printed journal articles.

Report to the North West region of the Environment Agency, "*Potential human health effects of landfill sites*".

*Folder 11*

Selection of printed articles concerning pesticides and medical waste.

*Folder 12*

Title - Endocrine disrupters.

Greenpeace publication concerning organic pollutants in food.

Greenpeace publication, dated October 1997, concerning the impact of endocrine disrupting chemicals on wildlife and human health.

*Folder 13*

1. Reprint: Pearce F. *Can't stand the heat*. New Scientist 1998.
2. Department of Health: Committee on Toxicity Report on organophosphates. Friday 26th November, 1999.
3. Article on cancer from Research Bulletin, May 1998.
4. Reprint : The Guardian, March 11, 1998
5. Reprint: The Guardian, November 13, 1996
6. Copy of , "Torfaen Community Learning Enterprise Centres - proposals for pilot areas", dated February 2001.
7. Faxed copy: *Guide to the Harvard referencing system*.
8. Reprint: *Uniform requirements for manuscripts submitted to biomedical journals*. British Medical Journal - no date.
9. Copy of Maney AS, Smallwood RL. *MHRA style book - notes for authors, editors and writers of theses*. London: Modern Humanities Research Association, 1971.

**Box 3**

Bainton, David. An examination of the association between influenza and ischaemic heart disease. Dissertation submitted for the degree of MSc (Social Medicine), University of London, 1975. Two copies.

Folder entitled dissertation study results, gallstone project results.

Folder of photocopied articles.

**Box 4**

*Folder 1*

Journal articles concerning cholecystography.

*Folder 2*

Photocopied articles concerning cholecystectomy.  
Correspondence concerning gallbladder disease.

*Folder 3*

Photocopies of Appendix: monitoring data from UK food industry, 1998.  
Tables of results concerning residues detected in various foods, 1998.  
Copy: *Annual Report of the working party on pesticide residues 1998*. Ministry of Agriculture Fisheries and Food, Pesticides Safety Directorate, Health and Safety Executive.  
Copy: Environmental issue services, endocrine disrupting substances in the environment what should be done? Environment agency - not dated.

**Box 5**

*Folder 1*

Large number of photocopied articles concerning gallstones.  
Barry Gallstone Survey results.

*Folder 2*

Correspondence concerning Committee on Safety of Drugs.  
Results concerning reactions to biloptin and solu-biloptin.

**Box 6**

*Folder 1*

Journal articles concerning diseases causing renal failure and gall bladder disease.

*Folder 2*

Title - Contrast media for cholecystography.  
Pamphlet concerning biloptin and solu-biloptin for oral cholecystography and cholangiography by AG Schering, Berlin/Bergkamen.  
Journal articles concerning contrast media.

*Folder 3*

Title - Bundle branch block.  
Journal articles concerning bundle branch block and heart block.  
Table of results entitled Barry Program.

*Folder 4*

Several journal articles concerning bile salts and cholecystectomy.

**Box 7**

*Folder 1*

Title – Cholecystectomy.  
Tables of results and handwritten notes concerning gallstones.

*Folder 2*

Several articles in French concerning cholecystography.  
Handwritten notes concerning articles.  
Printed article by David Bainton concerning safety of control media.

*Folder 3*

Title – Radiation.  
Written notes and correspondence concerning radiation dosage  
in subjects undergoing cholecystography.  
Letters from radiation protection services.

*Folder 4*

Title - Cholecystography tables.  
Large number of results concerning validity of cholecystography in detecting  
gallstones.

*Folder 5*

Detail of clinics and patient appointments in gallstone survey and tables of results.

*Folder 6*

Photocopied articles concerning use of cameras in radiological practice.

*Folder 7*

Journal articles concerning gallstone formation and bile acid.

*Folder 8*

Journal articles concerning dissolving gallstones.

*Folder 9*

Selection of reprints concerning cholecystography.  
Tables of results from the radiation protection service.  
Callahan D, *False hopes - why America's quest for perfect health is a recipe for failure*. New York: Simon & Schuster, 1998.  
Six overheads relating to gallstones and prevalence rates in socio-economic groups.

**Box 8**

*Folder 1*

Copies of e-mailed newsletter, *Rachel's Environment and Health Weekly*, 1998.

*Folder 2*

Copies of e-mailed newsletter, *Rachel's Environment and Health Weekly*, 1999.

*Folder 3*

Faculty of Public Health Medicine. Continuing Professional Development record  
book 1<sup>st</sup> January, 1997 – 31<sup>st</sup> December, 2001.

**Box 9**

Copy: Monaghan S, Davidson J, Bainton, D. *Freeing the Dragon – New opportunities to improve the health of the Welsh People*. London: Nuffield Trust, 1999.

West R, Bainton D. *Primary care groups as community laboratories*. Draft copy. Reprint of Editorial by David Bainton. *Journal of Public Health Medicine*, Volume 23: Part 4, 2001.

Reprint: Bainton D, Blainin J, Shepherd A. *Pads and pants for urinary incontinence*. *British Medical Journal*, 1982; 285: 419-420.

Correspondence concerning incontinence research.

Plastic wallet containing miscellaneous correspondence.

Copy: Ness A, Reynolds L, Tansey E. *Population based research in South Wales: The MRC pneumoconiosis research unit and the MRC epidemiology unit*. Witness Seminar “The MRC Epidemiology Unit (South Wales)”. (1999: London, England) London: Wellcome Trust, 2002.

### Box 10

Copy of a written reference for David Bainton (signature cannot be recognised).

Draft of article by David Bainton and Robert West and related correspondence.

Two copies of Nuffield Centre for Health Care Evaluation. *What is a neighbourhood hospital: defining the concept and style*. Cardiff: Nuffield Centre for Health Care Evaluation, 1992.

Reprint: Lowe GDO, Yarnell JWG, Rumley A, Bainton D, Sweetnam P. *C reactive proteins, fibrin D dimer and incident ischaemic heart disease in the Speedwell study. Are inflammation and fibrin turnover linked in pathogenesis?* *Arterioscl Throm Vas*, 2001; 21(4): 603-610.

Several articles discussing the effect of psychological stress, personality and disease on the speed of wound healing.

Copy of lecture programme, *Cancer and the Mind*. Kensington and Chelsea New Town Hall London. 5/6<sup>th</sup> February, 1990.

### Box 11

#### Folder 1

Copy of lecture entitled, *Brief for nursing research into the problem of incontinence*. Results of study into whether people prefer pants or pads.

#### Folder 2

Large print-out of incontinence study results.

Copy of survey with incontinence results.

Correspondence concerning incontinence project.

Questionnaire for care staff.

#### Folder 3

Several articles concerning gallbladder diseases.

#### Folder 4

Results from gallstones prevalence sampling.

## **Box 12**

### *Folder 1*

Reprints, handwritten notes and surveys.

Polish journal article and translation.

### *Folder 2*

Results from selection of trials and surveys, including gallstones survey and smoking trial.
