

The Cochrane Archive

Archie Cochrane (1909-1988) – Publications

Cochrane A L. Elie Metschnikoff and his theory of an “instinct de la mort”. *Int J Psychoanalysis* 1934; 15: 1-14.

Cochrane A L, Campbell H W, Steen S C. The value of roentgenology in the prognosis of minimal tuberculosis. *American Journal of Roentgenology and Radium Therapy* 1949; 61: 153-7.

Fletcher C M, Mann K J, Davies I, Cochrane A L, Gilson J C, Hugh-Jones P. The classification of radiographic appearances in coalminers' pneumoconiosis. *Journal of the Faculty of Radiology* 1949; 1: 40-48.

Cochrane A L. Methods of investigating the connection between dust and diseases. In: *The application of scientific methods to industrial and service medicine*. London: Medical Research Council, 1950: 97-100.

King E J, Wynn A H A, Nagelschmidt G, Cochrane A L. *Pneumoconiosis in Germany*. London: Ministry of Fuel and Power, Safety in Mines Research and Testing Branch, 1950. Research Report no. 10.

Cochrane A L, Chapman P J, Oldham P D. Observers' errors in taking medical histories. *Lancet* 1951; 1: 1007-12.

Cochrane A L, Davies I, Fletch C M. “Entente radiologique” – a step towards international agreement on the classification of radiographs in pneumoconiosis. *Br J Ind Med* 1951; 8: 244-55.

Cochrane A L, Fletcher C M, Gilson J, Hugh-Jones P. The role of periodic examination in the prevention of coalworkers' pneumoconiosis. *Br J Ind Med* 1951; 8: 53-61.

Cochrane A L, Garland L H. Observer error in the interpretation of chest films: an international investigation. *Lancet* 1952; 11: 505-9.

Cochrane A L, Cox J G, Jarman T F. Pulmonary tuberculosis in the Rhondda Fach. *Br Med J* 1952; 843-53.

Garland L H, Cochrane A L. Results of an international test in chest roentgenogram interpretation. *JAMA* 1952; 149: 631-4.

Miall, W E, Caplan A, Cochrane A L, Kilpatrick G S, Oldham P D. An epidemiological study of rheumatoid arthritis associated with characteristic chest x-ray appearances in coal-workers. *Br Med J* 1953; 11: 1231-5.

Cochrane A L. The detection of pulmonary tuberculosis in a community. *Br Med Bull* 1954; 20: 91-5.

Cochrane, A L. Tuberculosis and coalworkers' pneumoconiosis. *British Journal of Tuberculosis* 1954; 48: 274-85.

Miall, W E, Oldham P D, Cochrane A L. The treatment of complicated pneumoconiosis with isoniazid. *Br J Ind Med* 1954; 11: 186-91.

Cochrane A L, Cox J G, Jarman T F. A follow up chest x-ray survey in the Rhondda Fach. Part 1. Pulmonary tuberculosis. *Br Med J* 1955; 1: 371-81.

Carpenter, R G, Cochrane A L, Clarke W G, Jonathan G, Moore F. Death rates of miners and ex-miners with and without coalworkers' pneumoconiosis in South Wales. *Br J Ind Med* 1956; 13: 102-9.

Cochrane A L, Miall W E. The epidemiology of chronic disease in South Wales. *Proc R Soc Med* 1956; 49: 261-2.

Cochrane A L, Miall W E, Clarke W G. Results of a chest x-ray survey in the Vale of Glamorgan: a study of an agricultural community. *Tubercule* 1956; 37: 471-25.

Cochrane A L, Miall W E, Clarke W G, Jarman T F, Jonathan G, Moore F. Factors influencing the radiological attack rate of progressive massive fibrosis. *Br Med J* 1956; 1: 1193-9.

Higgins I T T, Oldham P D, Cochrane A L, Gilson, J C. Respiratory symptoms and pulmonary disability in an industrial town: a survey of a random sample of the population. *Br Med J* 1956; 11: 904-9.

Miall, W E, Cochrane A L. The community survey in epidemiological research. *Medical World (London)* 1956; 85: 521-3.

Cochrane A L. *Marc Daniels memorial lecture*. London: Royal College of Physicians, 1958.

Thomas, A J, Cochrane A L, Higgins I T T. The measurement of the prevalence of ischaemic heart disease. *Lancet* 1958; 11: 540-4.

Cochrane A L. The international classification of radiographs of the pneumoconioses. *Tubercule* 1959; 40: 292-6.

Cochrane A L, Carpenter R G, Moore F. Investigations into the working of the Death Benefit for coalworkers' pneumoconiosis. *Br J Prevent Social Med* 1959; 13: 128-30.

Higgins I T T, Cochrane A L, Gilson J C, Wood C H. Population studies of chronic respiratory disease. A comparison of miners, foundry-workers, and others in Staveley, Derbyshire. *Br J Ind Med* 1959; 16: 255-68.

Cochrane, A L. Epidemiology of coalworkers' pneumoconiosis. In: King E J, Fletcher C M, eds. *Symposium on industrial pulmonary disease*. London: Churchill, 1960: 221-31.

Cochrane A L. Compulsory chest radiography. *Tubercule* 1960; 41: 75-8.

Cochrane A L, Higgins I T T, Thomas J. Pulmonary ventilatory function of coal miners in various areas in relation to the x-ray category of pneumoconiosis. *Br J Prevent Soc Med* 1961; 51:1-11.

Cochrane A L, Moore F, Thomas J. The prognostic value of radiological classification of progressive massive fibrosis. *Tubercule* 1961; 42: 64-71.

Cochrane A L, Moore F, Thomas J. The radiographic progressions of progressive massive fibrosis. *Tubercule* 1961; 42: 72-6.

Higgins I T T, Cochrane A L. Chronic respiratory disease in a random sample of men and women in the Rhondda Fach in 1958. *Br J Ind Med* 1961; 18: 93-102.

Miall W E, Cochrane A L. The distribution of arterial pressure in Wales and Jamaica. *Pathologie et Microbiologie* 1961; 24: 690-697.

Cochrane A L. The attack rate of progressive massive fibrosis. *Br J Ind Med* 1962; 19: 52-64.

Trotter W R, Cochrane A L, Benjamin I T, Miall W E, Exley D. A goitre survey in the Vale of Glamorgan. *Br J Prevent Soc Med* 1962; 16: 16-21.

Hart J T, Cochrane A L, Higgins I T T. Tuberculin sensitivity in coal workers' pneumoconiosis. *Br J Prevent Soc Med* 1963; 17: 153-65.

Higgins I T T, Cochrane A L, Thomas A J. Epidemiological studies of coronary heart disease. *Br J Prevent Soc Med* 1963; 17: 153-165.

Cochrane A L. Industrial pulmonary disease. 1. The international classification of the pneumoconioses. *Br J Radiol* 1964; 37: 334-6.

Cochrane A L, Carpenter R G, More F, Thomas J. The mortality of miners in the Rhondda Fach. *Br J Ind Med* 1964; 21: 38-45.

Elwood P C, Cochrane A L, Benjamin I T, Seys-Prosser D. A follow up study of workers from an asbestos factory. *Br J Ind Med* 1964; 21: 304-7.

Cochrane A L. Science and syndromes. *Postgrad Med J* 1965; 41: 440-2.

Cochrane A L. Survey methods in general populations. 1. Studies of a total community: Rhondda Fach, South Wales. *Milbank Memorial Fund Quarterly* 1965; *iii*: 43.

Cochrane A L, Thomas J, Clarke W G, Moore F. Changes in the prevalence of coalworkers' pneumoconiosis among miners and ex-miners in the Rhondda Fach, 1951-1961. *Br J Ind Med* 1965; 22: 49-57.

Cochrane A L. A medical scientist's view of screening. *Public Health* 1967; 81: 207-13.

Rees H A, Goldberg A, Cochrane A L, Williams M J, Donald K W. Renal haemodialysis in porphyria. *Lancet* 1967; i: 919-21.

Cochrane A L, Elwood P C. Iron deficiency anaemia. In: Nuffield Provincial Hospital Trust. *Screening in medical care. Reviewing the evidence*. Oxford: Oxford University Press, 1968.

Cochrane A L, Elwood P C. Medical scientists look at screening. In: *Presymptomatic detection and early diagnosis – a critical appraisal*. Oxford: Pitman, 1968.

Cochrane A L, Fletcher C M. *The early diagnosis of some diseases of the lung*. London: Office of Health Economics, 1968. (Early diagnosis paper no. 6)

Cochrane A L, Goldberg A. A study of faecal porphyrin levels in a large family. *Ann Human Genet* 1968; 32: 195-208

Cochrane A L, Graham P A, Wallace J. Glaucoma. In: Nuffield Provincial Hospitals Trust. *Screening in medical care. Reviewing the evidence*. Oxford: Oxford University Press, 1968.

Cochrane A L, Springett V. Pulmonary tuberculosis. In: Nuffield Provincial Hospitals Trust. *Screening in medical care. Reviewing the evidence*. Oxford: Oxford University Press, 1968.

Waters W E, Cochrane A L. An epidemiological approach to migraine. In: B M Stepanovic (ed). *Proceedings of the International Scientific Meeting of the International Epidemiological Association, Primosten, Yugoslavia, 25-31 August 1968*. Belgrade: The Publishing House, 1969: 529-38.

Cochrane A L. Screening for chest diseases. Part 2. Preventive approaches to chronic diseases. *Milbank Memorial Fund Quarterly* 1969; 47: 250-5.

Cochrane A L, Elwood P C. Screening – the case against it. *Medical Officer* 1969; 71: 53-7.

Branch R A, Clark G W, Cochrane A L, Jones J H, Scarborough H. Incidence of uraemia and requirements for maintenance haemodialysis. *Br Med J* 1971; i: 249-54.

Cochrane A L, Holland W W. Validation of screening procedures. *Br Med Bull* 1971; 27: 3-8.

Cochrane A L, Moore F. Expected and observed values for the prescription of vitamin B12 in England and Wales. *Br J Prevent Soc Med* 1971; 25: 147-51.

Wallace J, Sweetman P M, Warner C G, Graham P A, Cochrane A L. An epidemiological study of lens opacities among steel workers. *Br J Ind Med* 1971; 28: 265-71.

Cochrane A L. The history of the measurement of ill health. *Int J Epidemiol* 1972; i: 89-92.

Cochrane, A L. *Effectiveness and efficiency*. Nuffield Provincial Hospitals Trust, 1972.

Cochrane A L. *Screening for the elderly*. In: Needs of the elderly for health and welfare services. Exeter: University of Exeter, 1972.

Higgins I T T, Lockshin M D, Gilson J C, Cochrane A L, Campbell H, Waters W E, Ferris B G, Higgins M W. Coronary heart disease in Staveley, Derbyshire, with an international comparison with three towns in Maron County, West Virginia. *J Chronic Dis* 1972; 25: 567-80.

Bainton D, Cochrane A L, Greene J, Kilpatrick G S, Weddell J M, et al. Control of moderately raised blood pressure: report of a co-operative randomised controlled trial. *Br Med J* 1973; iii: 434-6

Cochrane A L. Relation between radiographic categories of coal workers' pneumoconiosis and expectation of life. *Br Med J* 1973; ii: 532-4.

Cochrane A L. Poems from prison. [Chepstow] C P Healey, 1974. (An edition of sixty copies.)

Elwood P C, Cochrane A L, Burr M L, Sweetnam P M, et al. A randomised controlled trial of acetyl salicylic acid in the secondary prevention of mortality from myocardial infarction. *Br Med J* 1974; i: 436-40.

Waters W E, Cochrane A L, Moore F. Mortality in punctiform type of coalworkers' pneumoconiosis. *Br J Ind Med* 1974; 31: 196-200.

Cochrane A L. World health problems. *Can J Public Health* 1975; 280-7.

Cochrane A L. An epidemiologist's view of the simple relationship between pneumoconiosis and morbidity and mortality. *Proc R Soc Med* 1976; 69: 12-14.

Cochrane A L. The development of epidemiology in MRC units in Wales, 1945-1975, a personal view. *J R Coll Physicians Lond* 1976; 10: 316-320.

Cochrane A L. Screening: the rules of the game. *T Soc Geneesk* 1978; 56: 6-8.

Cochrane A L, Moore F. Preliminary results of a twenty year follow up of a random sample of an industrial town. *Br Med J* 1978; 1: 411-12.

Cochrane A L, St Leger A S, Moore F. Health services "input" and mortality "output" in developed countries. *J Epidemiol Community Health* 1978; 32: 200-5.

Cochrane A L. 1931-1971: a critical review with particular reference to the medical profession. In : *Medicine for the year 2000*. London: Office of Health Economics, 1979: 2-12.

Cochrane A L. In: *Report to the Secretary of State for Social Services of a working group on back pain*. London: HMSO, 1979.

Cochrane, A L. Forty years back: a retrospective study. *Br Med J* 1979, ii: 1662-3.

Cochrane, A L, Haley T J L, Moore F, Hole D. The mortality of men in the Rhondda Fach, 1950-1970. *Br J Ind Med* 1979; 36: 15-22.

St Leger A S, Cochrane A L, Moore F. Factors associated with cardiac mortality in developed countries with particular reference to the consumption of wine. *Lancet* 1979; i: 1017-20.

St Leger A S, Cochrane A L, Moore F. Industrieländer im Vergleich; Weinverbrauch und ischaemisch Herzerkrankungen. *Umwelmedizin* 1979; 2: 29-30.

Cochrane A L, Moore F. A 20-year follow-up of men aged 55-64, including coal miners and foundry workers, in Staveley, Derbyshire. *Br J Ind Med* 1980; 37: 226-9.

Cochrane A L, Moore F. A 20-year follow-up of a population sample aged 25-34, including coal miners and foundry workers, in Staveley, Derbyshire. *Br J Ind Med* 1980; 37: 230-3.

Cochrane A L, Moore F, Baker I A, Haley T J L. Mortality in two random samples of women aged 55-64, followed up for 20 years. *Br Med J* 1980; 280: 1131-3.

Cochrane A L. Acute myocardial infarction: place of treatment and length of stay. *Herz* 1981; 2: 112-115.

Cochrane A L, Moore F. Death certification from the epidemiological point of view. *Lancet* 1981; i: 742-3.

Cochrane A L, Moore F, Moncrieff C B. Are coal miners with low "risk factors" for ischaemic heart disease at great risk of developing progressive massive fibrosis? *Br J Ind Med* 1982; 39: 265-8.

Cochrane A L. NHS expectations. *Lancet* 1983; *i*: 154-5.

Peto R, Speizer F E, Cochrane A L, Moore F, Fletcher C M, *et al*. The relevance in adults of airflow obstruction, but not of mucus hypersecretion to mortality from chronic lung disease – results from 20 years of prospective observation. *Am Rev Respir Dis* 1983; 128: 491-500.

Cochrane A L. Sickness in Salonica: my first, worst, and most successful clinical trial. *Br Med J* 1984; 289: 1726-7.

Cochrane A L, Moore F. Lung mechanics in relation to radiographic category of coalworkers' simple pneumoconiosis. *Br J Ind Med* 1984; 41: 284-8.

Atuhaire L K, Campbell M J, Cochrane A L, Jones M, Moore F. Mortality of men in the Rhondda Fach, 1950-1980. *Br J Ind Med* 1985; 42: 741-5.

Atuhaire L K, Campbell M J, Cochrane A L, Jones M, Moore F. Gastric cancer in a South Wales valley. *Br J Ind Med* 1986; 43: 350-2.

Atuhaire L K, Campbell M J, Cochrane A L, Jones M, Moore, F. Specific causes of death in miners and ex-miners in the Rhondda Fach, 1950-80. *Br J Ind Med* 1986; 43: 497-9.

Cochrane A L , Blythe M. *One Man's Medicine: an autobiography of Professor Archie Cochrane*. London: British Medical Journal, 1989.

Cochrane, A.L. *Effectiveness and Efficiency: random reflections on health services*. London: Royal Society of Medicine, 1999.
