OCCUPATIONAL HEALTH OUTCOMES OF GRADED ASSESSMENTS.

- Mandatory health surveillance examination and health questionnaire before employment.
- Mandatory health surveillance examination and health questionnaire within one month of employment.
- Non-mandatory health questionnaire and health check if requested.

*** Visiting Researchers.

1. To define a ‘visiting researcher’ – anyone who is in the area for more than **2 hours per day** or on **2 or more days in one week**.
2. Anyone else should be advised to visit an OH specialist before working in a high-risk area (red).
3. **All** schools/departments are responsible for ensuring compliance with medical, ethical and professional bodies regarding patient contact.
