The Examination Timetable
All students will receive an individual examination schedule by post within one week of the publication date of the Examination Timetable. The full University-wide Examination Timetable is published on the Web at http://www.cardiff.ac.uk/schoolsanddivisions/divisions/regs/sfs/exams/timetables

Scheduling Guidelines
The Examination Timetable has been produced with reference to the following Senate Guidelines:

1. The criteria for scheduling examinations are applied uniformly to all students and all departments.
2. Students should not be expected to sit more than one 3-hour examination or two 2-hour examinations per day.
3. If there is no accommodation constraint, students should not expect to sit more than twelve hours of examinations in any one week and final year students should not expect to sit more than nine hours of examinations in any four days.
4. The duration of examinations in an examination venue should be the same in each examination session.

The above are guidelines and not a set of rules which are inviolable. It may be necessary to depart from the guidelines in certain circumstances either in respect of individuals or groups of students.

Special Circumstances
A student must report in writing any special circumstances which may have an effect on his/her performance in any assessment to the Chair of his/her Scheme or Module Examining Board as soon as the circumstances arise, and where possible, before the examination is due to be taken or the element of assessment is due to be submitted. The report must be supported by documentary evidence.
