1. Programme Structure

A well structured progressive course with increasing challenges between M.Sc. and Diploma as expected.

2. Academic Standards

Being new to the level of candidates on this course having dealt with Pharmaceutical Medicine previously I was not expecting some of the standards encountered. There was a mix of capability and a surprisingly good grasp by the better candidates of the scientific area.

3. The Assessment Process

Thorough with good opportunity to review the candidates progress

4. Year-on-Year Comments

This was my first year as external examiner.

5. Preparation / Induction Activity (for new External Examiners only)

I was given a full introduction, adequate access to past papers and standards and a full induction introduction to previous examiners and the course organisers. Very well done.

6. Noteworthy Practice and Enhancement

Access to candidates progress, opportunity to review thesis/Diploma work and where necessary to discuss with the candidates.

7. Appointment Overview (for retiring External Examiners only)
