

# Mathematics Education Research Group

## Seminars and workshops

The seminar/workshop programme is a combination of external and internal speakers. The 'internal' sessions will be Learning and Teaching Lunches which will typically start with a 15-20 minute presentation leaving the remaining time for discussion and debate.

These will be held at 1pm on Fridays in M/1.02 unless otherwise stated.

Programme organisers and contacts are [Dr Rob Wilson](#) and [Dr David McConnell](#).

<b>Date</b>	<b>Speaker</b>	<b>Seminar</b>
29 September 2017	Dr Dafydd Evans (Cardiff)	Developing Mathematical Literacy through Peer Assessment
27 October 2017	Dr Vincent Knight (Cardiff)	Redesigning a course to include research led teaching (using software development methodologies)
10 November 2017	Professor Dame Celia Hoyles (UCL)	Windows on Advanced Mathematics: some ideas and implications on the theory and practice of university mathematics education

Venue: Glamorgan Building S/-1.64  
followed by refreshments in S/0.85
