### 1. Programme Structure

An excellent structure, with ample opportunity in final year for students to build on 1<sup>st</sup> two years with in-depth tutorials.

### 2. Academic Standards

Very high, and in keeping with peer Universities.

### 3. The Assessment Process

Very fair, reasonable - with both essay formats and short answer format to provide students with options to show real depth of understanding.

### 4. Year-on-Year Comments

We continue to monitor the variation in performance between those on the 4-year course versus 3 year, which does seem to be very different, with those on 4-year sandwich course doing particularly well. And to consider the value of allowing notes to be taken into exams, which may reduce quality of answers over time – as students may just re-state what they thought they should know and not think for themselves.

### 5. Preparation / Induction Activity (for new External Examiners only)

## **6. Noteworthy Practice and Enhancement**

Excellence in range and depth of projects, and in experience that 4-year sandwich students get. All well tied to high quality research.

## **8. Appointment Overview (for retiring External Examiners only)**

# Where more than one External Examiner is appointed on a Programme, at least 10% of Dissertations, or a minimum of 10 (whichever is the higher figure), should be seen collectively by the External Examiners.
