1. Programme Structure

The topics covered are broad and appropriate to the stage of study and programme

2. Academic Standards

The academic standards achieved this year are generally high and to be commended. They are in keeping with the level of the award and in keeping with standards at comparator institutions

3. The Assessment Process

Overall the process is robust and valid.

Written assessments (Part C3)

I had opportunity to see and comment on the written paper in advance. All marked scripts were made available along with internal marks. There was clear evidence of a fair and robust marking process with consistency. No moderation was required. Greater clarity for the required level of response would be a welcome move in the continued development of the question bank.

Oral assessments (Part D)

Attempts to increase consistency through the calibration exercise is welcome and should be commended. Timing and conduct remains good, as does the exemplar statements that accompany the assessed domains.

4. Year-on-Year Comments

Although not included this year, I note and welcome moves of the programme team to revisit the assessment framework and introduce standard setting to the written component.

5. Preparation / Induction Activity (for new External Examiners only)

6. Noteworthy Practice and Enhancement

The calibration work is to be commended, as is the inclusion of student input into the broader process of framework development.

SAMPLING OF TAUGHT MASTER'S DISSERTATIONS BY EXTERNAL EXAMINERS

External Examiners shall be expected to see prescribed numbers and ranges of Dissertations, but not to mark them, on the following basis:

At least 10% of Dissertations for a postgraduate taught Master's Programme, or a minimum of 10 (whichever is the higher figure) must be seen by the External Examiner(s). Where the total number is less than 10, all Dissertations must be seen by the External Examiner(s) #.

Dissertations seen by External Examiners should include examples from across the whole range of achievement (i.e. Pass with Distinction, Pass, Fail).

External Examiners will retain the right to see other Dissertations at random.

Where more than one External Examiner is appointed on a Programme, at least 10% of Dissertations, or a minimum of 10 (whichever is the higher figure), should be seen collectively by the External Examiners.
