Dear Dr Nattress,

Re: Institutional Response: External Examiner Annual Report 2018/19

I am writing further to the receipt of your External Examiner's report for the Master of Clinical Dentistry (Prosthodontics).

Your report does not appear to raise any specific issues that require a more detailed response therefore the School has not been asked to provide a formal response.

Your report will be considered by the School and will also be used to help inform their [Annual Review and Enhancement](#) process and where appropriate, [Periodic Review](#).

The University is pleased to note your positive comments, including:

1. Your positive comments regarding the programme structure, academic standards and assessment process.
2. The clinical cases presented covered a considerable breadth of clinical material and were of a high standard.
3. The standard of clinical work produced by the candidates was very high. It is apparent that the candidates had ownership of the clinical decisions made during treatment of their presentation cases and were able to robustly defend these decisions during the oral examination.

I hope that you will find this response satisfactory and we thank you for your continued support of the programme.

In order to meet the expectations of the [QAA Quality Code](#), both the External Examiner Annual Report and this Institutional Response will be published on the University's [Public Information website](#) and will be available to all students and staff.
