Cardiff University has been producing successful graduates since 1883, combining a prestigious heritage with modern and innovative facilities. The University has changed dramatically over the last 139 years, but the commitment to quality education and a rewarding university experience remains.
Cardiff University is truly international. With over 9,100 international students from more than 145 countries stepping through our doors each year, our student population is diverse and multicultural. We recruit worldwide for the best academic talent who help to deliver a rich and engaging study environment. The University reaches far beyond its home in Wales, with hundreds of overseas partnerships and research projects around the world, contributing to our ever-growing global community.

Carlos Jiménez Santillan, Mexico
MSc Operational Research and Applied Statistics
“Cardiff is such an amazing city to live in… This is what I called a true student city… Coming to Cardiff is one of the best experiences of my life.”

To Thi Thu Thao Nguyen, Vietnam
PhD in Business and Management
“Cardiff University gave me the opportunity to shine as bright as I can and develop not only my skills through lectures and tutorials, but to develop not only my skills through quality lectures, campus activities and digital education. Basically, I am enjoying an extraordinary education and campus life.”

Some of our most popular student exchange, recruitment and mobility partnerships

Elif Islambuloglu, Turkey
MSc Sustainable Mega-Buildings
“Cardiff offers what a capital city should offer, but it is also a peaceful city that does not overwhelm people. Compared to more crowded cities in Europe and the UK, Cardiff is cheaper and therefore the standard of living is higher.”

Yulin Ding, China
BSc Business Management (Human Resource Management)
“Cardiff university gave me the opportunity to shine as bright as I can and develop not only my skills through lectures and tutorials, but to develop not only my skills through quality lectures, campus activities and digital education. Basically, I am enjoying an extraordinary education and campus life.”

We are proud of our international Civic Mission partnership with the University of Namibia that aligns with the United Nations Sustainable Development Goals in seeking to reduce poverty, promote health and support sustainable environmental development. We also have a highly successful collaborative research and training facility, the Danau Girang Field Centre, which focuses on preserving biodiversity and conserving endangered species in Sabah, Malaysia.

As well as our many global research agreements, we have a host of long-standing and much valued student exchange, transfer, recruitment and mobility agreements, and partnerships worldwide. You can see the most popular of these on the map.

Key partners

Dr Tiago Alves, Portugal
Senior Lecturer in Earth Sciences and Head of the 3D Seismic Laboratory
“One of the things that is most surprising is how closely-knit students and staff are at Cardiff. We actually grow their BSCs and many of the students end up staying at Cardiff and continue their career as MSc or PhD students.”

Juliet Bawuah, Ghana
MA International Public Relations and Global Communications Management
“Living in Cardiff has opened my eyes to a whole new perspective about life… I like the variety Cardiff offers in terms of what you can get with its beautiful sights and sounds.”

Satwik Shivohan, India
BA Media, Journalism and Culture
“I chose Cardiff because it offers everything a student could possibly ask for… whether it’s an exemplary degree programme, generous staff support or an opportunity to pursue your other interests, Cardiff has it all! This place makes you feel like home even before you realise it.”

Dr M Sankar, India
Catalysis Institute Research Fellow
“Cardiff University I would say is a fantastic place to work and most importantly, a fantastic place to live as well. It is such a beautiful place. Within 20 minutes you can go to the most exciting part of the UK, with very beautiful beaches. It’s a beautiful place to live.”

Thu Thao Nguyen, Vietnam
PhD in Business and Management
“People are super friendly, and the city is affordable for students… There are also plenty of coffee shops and restaurants that you can hang out with your friends.”

Dr M Sankar, India
Catalysis Institute Research Fellow

Cardiff University is a research-led University and a member of the Russell Group. We excel in producing high quality, innovative research which makes a real difference both locally and worldwide.

- 90% of our research has been confirmed as world-leading or internationally excellent
- 11th in the UK for impact
- 14th in the UK for research power
- Our academic staff work with partners from all sectors, across the UK and overseas, to keep us at the forefront of innovation.
- Our research expertise and facilities are used by industry and commercial partners, government bodies and other organisations internationally.

Global collaborations to address global challenges
Our researchers collaborate with partners worldwide to tackle global issues such as climate change adaptation for improved food and water security, mitigation of CO2 emissions through storage in coal deposits, and the genetic architecture of mental disorders. Recently, they have also turned their expertise to supporting the global response to the Covid-19 pandemic.

Phoenix Project
The Phoenix Project is a long-standing partnership between Cardiff University and the University of Namibia, aligned with the United Nations Sustainable Development Goals in seeking to reduce poverty, promote health and support sustainable environmental development.

Supported by the Welsh Government’s Wales and Africa Grant, recent projects (COVID NamVacc and Oxygen Namibia) were designed and delivered to educate and vaccinate the most vulnerable populations in Namibia, provide higher level oxygen therapy skills teaching, education and training for a range of health professionals caring for the sickest patients with COVID-19, and the installation of a bulk oxygen system infrastructure.

One of the outcomes of the COVIDNamVacc project was a collaboration with the Inter-Agency Standing Committee on the book ‘My Hero is You’, developed for children around the world to help them cope with the COVID-19 pandemic. The book is available in 104 different languages including five Namibian indigenous languages and Welsh.

The success of the Phoenix Project is evident in the recent elevation of the partnership, with the University of Namibia becoming Cardiff University’s first International Civic Mission partner.

Danau Girang Field Centre
A team of Cardiff University researchers are currently working to preserve biodiversity and conserve endangered species in Borneo, focusing on two species – orangutans and elephants.

The Danau Girang Field Centre has recently been recognised by the Malaysian State Government of Sabah for its contribution to the conservation effort of its most valued areas of natural beauty. Our Regrow Borneo carbon off-setting initiative fund raises money for reforestation of the rainforest habitats previously lost to palm oil plantations.

DID YOU KNOW?
A thriving innovation culture with connections to industry and business informs our teaching and nurtures student entrepreneurship.

www.cardiff.ac.uk/research

Studying in a research-led, Russell Group institution, such as Cardiff University, has many advantages:

1. Degrees recognised worldwide
2. Innovative courses based on the latest discoveries and research
3. Teaching by staff who are driven by creativity and curiosity, many of whom are internationally recognised leaders in their fields
4. Enhanced career prospects as employers often favour well-informed graduates from research-led universities
5. Excellent teaching facilities and campus investment. We have recently invested £600 million in the biggest campus upgrade in a generation, ensuring our students continue to have access to cutting-edge resources
6. Joining a worldwide network of alumni holding top positions in governments, the private sector and academia

Research Excellence Framework 2021

THAT MATTERS

Cardiff University is a research-led University and a member of the Russell Group. We excel in producing high quality, innovative research which makes a real difference both locally and worldwide.
Choosing to study at Cardiff University will allow you to join a global academic community of staff and students. Our mission is to undertake world-leading research with impact and pass this knowledge onto our students to make a social, cultural and economic difference. How will studying at Cardiff be different? Studying at Cardiff University may be different from the style of teaching in your country. Cardiff University is an innovator in ‘problem-based’ learning. This means your lecturers will set you a ‘problem’ and you will have to work out the answer. This is a much more effective method of learning than just from a book.

You will be:
• expected to use the libraries and internet to research topics
• asked to contribute your opinion, collate information and present evidence
• encouraged to share your own ideas
• educated through a variety of teaching and assessment methods.

Teaching methods
You will be taught in formal lectures, in small groups (called ‘seminars’) and one-to-one with the tutors. Depending on your subject you may use laboratories, meet members of the public, operate specialist equipment and go on field trips. You will also have access to Cardiff’s virtual learning environment to enhance and support your learning. It allows you to download lecture materials, communicate with your tutors and submit assignments online.

Assessment methods
Assessment methods are different for each course. Most courses include some form of written examination and essays, but you may also be assessed on presentations, class tests, laboratory results and group work.

Personal tutors
You will be allocated a personal tutor at the beginning of your programme. Your personal tutor will be able to provide you with advice, whilst maintaining an overview of your learning and educational experiences. If you are experiencing difficulties, your personal tutor will be there to listen and provide professional guidance and support.

Independently verified and reviewed
You can be confident of the quality and standard of a Cardiff degree. The University is recognised by more than 40 professional bodies which ensure that the University maintains its high standards of teaching. The most recent Teaching Excellence Framework (TEF) panel awarded Cardiff University a silver award. This means that the University consistently delivers high quality teaching, learning and outcomes for its students, and it consistently exceeds rigorous national quality requirements for UK higher education.
Cardiff University is ambitious and innovative, with many of our academic schools among the best in the UK. We are driven by creativity and curiosity, and we encourage our students to fulfill their potential.

DID YOU KNOW?
Accommodation in University residences is guaranteed for all international students and is within walking distance of the University.

- QS World University Rankings 2023
- Accommodation is guaranteed provided you meet the required deadlines

KEY FACTS
Cardiff University is ranked 166th in the world.

- 9,135 international students
- We generate more than £100 million annually from research grants and contracts
- The Cathays Park Campus is situated in the very centre of Cardiff, the capital city of Wales. Cardiff is only 2 hours from London by train

RUSSELL GROUP
We are a member of the elite Russell Group, which is made up of the top 24 research-led universities in the UK.

- The University has 16 libraries and a range of IT suites, offering 24/7 study facilities
- The campus is frequently used as a film set for popular TV shows 'Dr Who', 'Sherlock' and 'His Dark Materials' as well as Hollywood blockbuster films
- Over 195,000 alumni across the globe

*QS World University Rankings 2023
*Accommodation is guaranteed provided you meet the required deadlines
Cardiff is home to award-winning academics, Nobel Prize winners, Queen’s Anniversary Prize winners and more, delivering cutting-edge research and innovative teaching.

- 2 Nobel Prize winners – Sir Martin Evans (Medicine) and Robert Huber (Chemistry)
- 7 Queen’s Anniversary Prizes, including the Down’s Syndrome Vision Research Unit in 2017
- 15 Fellows of the Royal Society
- 11 Fellows of the Royal Academy of Engineering
- 7 Fellows of the British Academy
- 21 Fellows of the Academy of Medical Sciences
- 34 Fellows in the Academy of Social Sciences
- 15 members of the Academia Europaea
- 2 members of the The National Academy of Sciences (USA)
- 162 members of the Learned Society of Wales
- A Regius Professorship awarded to the School of Chemistry recognising the work of Professor Graham Hutchings

While rankings are a useful guideline, you should also consider the structure and teaching style of the course you wish to study, and what other opportunities the University and academic school can offer you.

Subject rankings: You can view the scores for subject areas in the Course List (pages 19-39). These lists show subject areas at Cardiff University ranked by independent sources including: QS World Rankings 2022, Shanghai Academic Ranking of World Universities 2022, The Complete University Guide 2023, the Times Good University Guide 2022, Times Higher Education World University Rankings 2021 and The Guardian University Guide 2021.
Located on the coast of South Wales, Cardiff is just 30 minutes away from beautiful beaches and mountainous national parks, while being only a 2-hour train journey from London. Cardiff is regularly ranked as one of the UK’s best cities for students, with its affordable living costs, excellent transport links and our campus at its heart.

The average temperature in Cardiff in winter is 7 °C and in summer temperatures can reach up to 30 °C. With four seasons, UK weather is generally unpredictable and can vary considerably, however, Cardiff experiences less rainfall than other areas of Wales and is consistent with the rest of the UK.

Cardiff is consistently voted as one of the friendliest cities in the UK.

5 facts about Wales

1. Wales has a rich history and is sometimes called the ‘castle capital of the world’. You will find more than 600 castles in Wales, including the 2,000-year-old Cardiff Castle.
2. Beyond Cardiff you can explore the natural beauty of National Parks, such as the mountainous Brecon Beacons and the rugged coastlines of Pembrokeshire.
3. Home to Europe’s oldest living language, Welsh is spoken by 26% of the population, but don’t worry as everybody speaks English!
4. The red dragon is the national symbol of Wales, with legends telling the story of how the red dragon defeated an invading white dragon in a fierce battle.
5. Traditional Welsh foods like Welsh cakes, Bara Brith and Cawl can still be found today, even in the modern city of Cardiff!

Cardiff to London 150 miles / 240 km
ACCOMMODATION

Safe and supportive

One of the advantages of University residences is the support you are offered. Each residence has a network of residences staff, Residence Life Assistants and security staff that provide 24 hour assistance.

Guaranteed

International (not including EU, EEA or Swiss national) students are guaranteed a single occupancy place in University residences for the full duration of their studies.* You will have your own study bedroom. Cardiff University does not have shared rooms or dormitories.

* Accommodation is guaranteed provided you meet the required deadlines.

How much does it cost?

The cost of residences depends on several factors which include the residences you choose, length of stay, meal options and whether you want private bathroom facilities. University residences are very good value as rent includes water, electricity, security, furniture and internet access. As everything is included in one price, it helps you budget more easily.

To help with budgeting there is more detail about living expenses on page 49.

For the 2022/23 year self-catered residences range from £108-£150 a week. Part-catered residences range from £133-£152 a week. Rooms with private bathrooms are generally more expensive than rooms with shared bathrooms.

University residences

The University has 17 residences, each with different facilities, in different locations and at different costs. Your choices include:

- single or mixed gender accommodation
- private or shared bathrooms. About 70% of University residences have private bathrooms (called ‘ensuite’)
- self-catered or part-catered
- a variety of social and sporting facilities
- quiet living, alcohol free living and LGBT+ options.

Your guarantee of accommodation

You are guaranteed a single-occupancy place in University residences for the full duration of your studies. This is providing you apply through the normal admission and allocation process and re-apply for residences each year through the overseas returners process (not available for EU, EEA or Swiss nationals), and meet the required deadlines.

The University knows that where you live is very important to you. You will want to settle quickly and live in a secure, well-located, sociable and conducive study environment. This is why Cardiff University provides a guarantee of accommodation in our residences.*

Close to campus

Cardiff University residences are very well located, with most residences being less than 2km to either the Cathays Park Campus or Heath Park Campus. The majority of students are able to easily walk or cycle to their lectures every day. The table below gives the approximate walking times from three residences to four popular locations in Cardiff.

How do I apply for residences?

After you apply, and if you accept an offer to study, you will be sent full information on how to apply for University residences.

Coming to Cardiff with your family

The University has a limited number of flats, houses and studios available for first-year international students with family members. These residences are very much in demand and you may have to seek private accommodation. If you do choose private accommodation ensure you start looking as soon as possible and ask for assistance from the University.

What do University residences provide?

The diagram opposite shows a layout of a typical ensuite flat in University residences. Please note that this is an example and the number and size of rooms in each flat varies. In this example there are 6 study bedrooms, each with their own bathroom. The 6 occupants share a kitchen. Every student has their own bedroom. Each room has a bed, desk, chair, wardrobe and storage. You won’t need to buy additional furniture. If you choose ‘ensuite’ you will have your own bathroom with shower. All bedrooms are connected to the University high-speed WiFi network. In your flat you will have access to a shared kitchen/dining room. This area includes a cooker, refrigerator, sink, table and chairs.

TO APPLY

UNDERGRADUATE/BACHELOR
Undergraduate applications must be submitted online through UCAS:
www.ucas.com

POSTGRADUATETAUGHT/MASTER’S/PHD
You can apply directly to the University and track your application through our online portal (SIMS) at:
www.cardiff.ac.uk/postgraduate

FIND YOUR COURSE
Find the academic and English language requirements for your course on our website:
www.cardiff.ac.uk/study

CHECK YOUR ELIGIBILITY
Check if your qualifications are suitable on our course pages or our country advice pages:
www.cardiff.ac.uk/study/international/your-country
or contact the International Office:
international@cardiff.ac.uk
In some countries an educational advisor may also be able to help you.

GATHER YOUR DOCUMENTATION
To complete the application form you will need:
• exam results (original certificates and transcripts)
• references
• personal statement
• English language certificates

PhD students - If you are applying with your own research idea you must also find a supervisor and submit a research proposal:
• search for academic staff in the School who match your area of research interest
• contact the academic with your proposal and introduce yourself
Find useful tips at:
www.cardiff.ac.uk/postgraduate

WHEN IS THE APPLICATION DEADLINE?
Undergraduate – The official UCAS deadline for most courses is 30 June. If you want to apply after this date, please contact the International Office, international@cardiff.ac.uk. If you are applying for Medicine or Dentistry, the application deadline is 15 October prior to entry in September the following year.
Postgraduate – Most postgraduate courses do not have a deadline, however, the University encourages you to apply as early as possible to avoid disappointment. You must ensure you have enough time to complete the application process and, where applicable, get a visa. Some courses can become full quite quickly. It is recommended that you apply 9-12 months in advance of the course starting.

Submit your application
Is there an application fee?
Undergraduate – The University does not charge an application fee, however, UCAS will charge a fee of £27 to process your application
Postgraduate – For the vast majority of courses, the University does not charge an application fee

Need tips on how to write a great personal statement? Visit the UCAS website:

www.cardiff.ac.uk/study
Established in 1920, the Welsh School of Architecture is one of the top-ranked schools of architecture in the UK. Our research and teaching cover a wide spectrum of topics and aspects of architecture. Our mission as a school is to contribute to the creation of a built environment that enhances people’s lives now, while contributing to the wellbeing of future generations.

We provide a vibrant, collaborative environment for teaching and research; our students and staff communities encompass diverse national, cultural and professional backgrounds. We foster a strong studio culture, encouraging student architects to confront complex situations and issues with intelligence and creativity.

**UNDERGRADUATE COURSES**
- BSc in Architectural Studies (Part 1)
- Master of Architecture (Part 2)

**POSTGRADUATE TAUGHT COURSES**
- Architectural Design MA
- Environmental Design of Buildings MSc
- Environmental Design of Buildings (Distance Learning) MSc
- Master of Design Administration (MDA)*
- PgDip in Architecture: Professional Practice (Part 3)*
- Sustainable Mega-Buildings MSc
- Sustainable Building Conservation MSc
- Urban Design MA

**POSTGRADUATE RESEARCH DEGREE PROGRAMMES:**
- PhD Architecture
- MPhil Architecture
- PhD Creative Practice
- ARCH-thesisresearch@cardiff.ac.uk
- We currently support 78 registered Postgraduate Research Students at WSA. We offer a lively research culture across 6 research areas:
- Computational Methods in Architecture
- Design Practice Materials and Making
- Energy Environments and People
- Heritage and Conservation
- History
- Theory and Urbanism

**RANKED 46TH IN THE WORLD FOR ARCHITECTURE AND BUILT ENVIRONMENT**
QS World University Rankings 2022

---

**QUOTES**

“My course offered a wide range of practical modules to present the actual working environment in the field of sustainable building design. It also promoted a great, fair, tolerant and diverse learning environment, helping students across the world with different backgrounds, for example: architects, engineers, designers and consultants to work and learn together to create sustainable buildings. I also enjoyed the way my teachers and professors saw us as colleagues instead of students, truly caring about discovering the strength of each of us. Inspired by my supervisor, lecturers and tutors, I moved on to start my PhD at the Welsh School of Architecture.”

Jue Zhou, China, MSc Environmental Design of Buildings

---

The School of Biosciences is a supportive and innovative place to learn about the full range of biological and biomedical sciences, from the molecular level to whole ecosystems. The School of Dentistry offers international entry onto one undergraduate programme, five postgraduate taught programmes, and its postgraduate research programmes, all of which provide high quality clinical and/or academic training. Our students work with leaders in their respective fields and have access to some of the finest clinical, educational and research facilities in the UK.

The School of Earth and Environmental Sciences is a supportive and exciting place to learn, where you can experience fascinating landscapes, whether by land or by sea in our own research vessel, the Guiding Light. Fieldwork is integral to our teaching and research, and our location in South Wales provides us with easy access to many of the world's most significant geographical and environmental landscapes. Our excellent facilities include an on-campus research vessel, the Guiding Light, as well as access to some of the finest clinical, educational and research facilities in the UK.

The School of Engineering has a worldwide reputation for research and has a record of collaboration with industrial partners from around the world. This means you will receive cutting-edge and career relevant teaching from global experts in their field. Our graduates are highly employable and undergraduate students have the opportunity to further enhance their prospects by undertaking a year in industry. Competitive scholarships are available for a number of our degree courses.

Many of our programmes are accredited by the Geological Society of London and the Royal Institution of Chartered Surveyors.
Critical rigour, creative thinking, and intellectual inquisitiveness are at the heart of our teaching and research. Enriched by our diverse student community, we explore new perspectives in the study of language, texts, cultures, ideas, values and identities. With specialisms in English literature and language, creative writing and philosophy, you’ll benefit from teaching delivered by world-leading researchers and experienced practitioners.

**SCHOOL OF ENGLISH, COMMUNICATION AND PHILOSOPHY**

SCHOOL OF HEALTHCARE SCIENCES

We are a leading provider of postgraduate education for nursing, midwifery and allied health professionals. Delivered through a mix of self-directed and contact sessions, our programmes are designed to help you advance in your career and meet the challenges of the rapidly changing healthcare environment. We aim to provide you with an innovative experience, giving you a platform to stand at the forefront of healthcare and develop impactful knowledge that directly improves patient care and clinical practice.

UNDERGRADUATE COURSES
We may have a limited number of international places available for some of our undergraduate programmes. Please contact us by email to find out about these options.

POSTGRADUATE COURSES
Advanced Healthcare Practice MSc
Occupational Therapy MSc
Physiotherapy MSc
Radiography MSc
Sports and Exercise Physiotherapy MSc

PHD/MPHIL RESEARCH AREAS
Our research is structured across three themes:
1. Optimising wellbeing and the management of long-term conditions.
2. Optimising service delivery and organisation.
3. Optimising health through activity, lifestyles and technology.

Students benefit from specially designed clinical facilities, simulation suites and postgraduate study spaces. All of our teaching sessions are recorded, where appropriate, and made available online for you to review.

100% of our submitted research was rated at least of international standard with 94% classed as internationally excellent or world-leading.

GRADUATE DESTINATIONS
Sectors include: Communications and IT; Finance; Retail; Hospitality; Travel; Healthcare; Media and Culture.
Roles include: Journalist; Editor; Business Executive; PR Professional; Writer; Translator; Research Associate; Reporter; Production Editor; Teacher.

We are a world-leading centre for media teaching and research where you will be taught by highly qualified staff, many of whom have international experience and are involved in collaborative ventures with leading universities and top journalism schools worldwide. Our programmes offer scholarly excellence, renowned vocational training or a combination of both.

GREATER DESTINATIONS
Journalism and Communications BA
Communication, Cultural and Creative Industries BA

RANKED 22ND IN THE WORLD FOR COMMUNICATION AND MEDIA STUDIES
QS World University Rankings by Subject 2022

We have learnt a lot throughout my journey here, such as critical thinking, teamwork, leadership and communication skills. Interacting and making friends with local and international students, has made me enjoy every minute of my experience. Cardiff is a multicultural city where you can find almost everything you need, in that respect it’s quite similar to London.

Fawaz, Saudi Arabia
Healthcare (PhD)

My Cardiff University experience challenged me academically, prepared me professionally and expanded my network globally.

Tanisha, Jamaica
International Public Relations and Global Communications Management (MA)
We are committed to providing an outstanding teaching and learning experience for our students. Our vibrant student body, combined with highly qualified academic staff, provides the perfect environment to explore the dynamic and fast-paced fields of law, politics and international relations. We attract students from all over the world and offer a friendly, supportive and culturally diverse school in which to study.

MPHIL RESEARCH AREAS
We offer supervision in a broad range of areas spanning private, public and commercial legal spheres from domestic, transnational and international perspectives. These areas are integrated within the school’s vibrant research culture which features several research centres and groups:
- Cardiff Centre for Crime, Law and Justice
- Centre for Human Rights and Public Law
- Centre for Health and Social Care Law
- Centre for Law and Religion
- Centre for Law and Society
- Wales Governance Centre
- Centre for Environmental Justice
- Centre for Internet & Global Politics
  lawpol-pgr@cardiff.ac.uk

Research areas are dependent on sufficient supervisory capacity. Due to staff changes and research leave, minor changes to this list may occur.

PHD/MPHIL RESEARCH AREAS
We offer six PhD/MPhil pathways.
- Comparative Politics, Policy and Governance PhD/MPhil
- European Politics & Area Studies PhD/MPhil
- International Relations & Politics PhD/MPhil
- Political Theory PhD/MPhil
- Wales PhD/MPhil

Our research areas cover:
- The Cold War
- Comparative Politics, Policy and Governance
- Critical Global Politics
- Critical Military Studies
- Development and Postcolonialism
- Digital Technologies, Internet Governance and Cyber-Security
- European Politics and Area Studies
- Gender and International Relations
- Global Environmental Politics
- Intelligence and Security
- International Law and International Relations
  lawpol-pgr@cardiff.ac.uk

We give you a head start in your legal career via our Pro Bono Unit. You can develop your skills in client care, legal research, writing and public speaking, whilst working on real cases and helping members of the community.

I would highly recommend the Politics and Public Policy programme at Cardiff University if you want to gain a broader understanding of the political and policy processes that shape and affect everyday life across the globe. The programme enables you to understand different points of view, as well as shape your own political values and beliefs. More specifically, the Politics and Public Policy programme allows you to develop transferable research, thinking and communication skills that will enable you to build a successful career in whatever field you choose.

Michael, UK
Politics and Public Policy (MScEcon)
Cardiff University School of Medicine inspires and develops outstanding clinicians, scientists, innovators, teachers and other healthcare professionals. Students value our innovative, challenging courses, our ‘real focus’ on the patient and opportunities to work with world experts.

The School of Social Sciences is an engaged and interdisciplinary teaching and research community. We are internationally recognised as a centre of excellence across a range of subject areas, including sociology, social policy, criminology, education and social work. Our interdisciplinary approach creates an engaging and enjoyable learning environment for all of our students. We would be delighted if you joined us.

### UNDERGRADUATE COURSES

- Criminology and Social Policy BSc
- Criminology and Sociology BSc
- Sociology BSc
- Education BSc
- Human and Social Sciences BSc
- Law and Criminology LLB
- Politics and Sociology BScEcon
- Social Analytics BSc
- Social Science BSc
- Sociology BSc
- Sociology and Education BSc
- Sociology and Social Policy BSc
- Welsh and Education BA

We offer a range of support schemes for our students including peer mentoring, personal tutors, English Language tuition and our unique ‘iSOCSI’ mentoring scheme for international students.

### POSTGRADUATE COURSES

- Education MSc
- International Criminology and Criminal Justice MSc
- Social and Public Policy MSc
- Social Science Research Methods MSc
- Social Work MA

We offer excellent links with local and national governments, major private and public sector organisations and the third sector.

### OTHER RANKINGS

- 2nd in the UK for Welsh literature and children’s literature
- 2nd in the UK for Modern Languages and Linguistics Research Quality

We supervise research on language and literature in both Welsh and international contexts. Recent student projects include:

- From ‘Black’ Wales to the ‘White’ Page: Reconstructing Otherness and Multiculturalism in Fiction from Wales, since 1990 (Lisa Sheppard)
- Iggaiteith: replicating a rural historic linguistic community in an online and cross-platform world (John Caulfield)
- A comparative study of bilingual families in Helsinki and Cardiff (Kaisa Pankakoski)
- Language Variation and Change in Cardiff Welsh (Ianto Gruftydd)

We are a vibrant and welcoming community of academics and students exploring language, literature and culture – of Wales and the Welsh language, and other Celtic languages. We have welcomed many international students over the years who have worked with our expert faculty exploring areas such as bilingualism, language planning and policy, minority language rights, translation technologies, education and literature. If you choose to study with us, you will become part of a supportive, challenge-led and transformative research and teaching environment in the heart of Wales’ capital.

---

All the learning resources provided by the school have been so useful. I’ve also been very happy that my lecturers are so passionate about teaching.

Xiang Chang, China

Education (MSc)

---

The faculty went out of their way to make me feel included and were flexible in accommodating my unique research interests while encouraging me to expand them further, backed up by the resources and support to do so.

Emma, USA, Welsh and Celtic Studies (MA), Fulbright Scholar
UNIVERSITY LIFE

You might be wondering what life is like at Cardiff University. Outside of academia you will find a vast range of opportunities to try new things, meet new people and enjoy the exciting atmosphere on campus.

The Students’ Union

www.cardiffstudents.com
- the heart of social life for university students
- all students enrolled at Cardiff University are automatically members
- run by a student committee dedicated to the social and welfare needs of all students on campus
- a not-for-profit organisation, where all profits go back into improving the services available to you
- a multi-million pound investment is transforming the Students’ Union into the Centre for Student Life, in the biggest campus upgrade of a generation!
- includes a bar, nightclub, concert venue, shops, cafés, post office, letting agency and advice centre
- the Union has its own student newspaper, magazine, radio station and TV channel.

International societies

The best way to make friends is to join a student society. These clubs are very important to student life and are run by other students. There are more than 200 societies, many of which represent areas of the world including: Africa, Canada, China, Hong Kong, India, Indonesia, Latin America, Malaysia, Oman, Pakistan, Nigeria and more.

For two weeks every year the international societies celebrate ‘Go Global’ – a festival that showcases the University’s diversity involving dance, music and food.

Sport and keeping fit

The University takes sport very seriously and encourages participation at all levels. The Athletic Union runs more than 60 sports clubs and arranges fixtures against other universities. World class facilities are located across four sites and include a Sports Training Village with a multi-purpose indoor sports hall and physiotherapy clinic, a Fitness and Conditioning Centre, dance studio and 33 acres of first-class grass pitches including a full-size floodlit 3G FIFA/IRB approved match pitch.

Welcome and orientation

The University offers a range of activities and support to help make your transition to Cardiff as smooth as possible.

Support includes:
- access to Student Welcome - Online Orientation, a programme that will help you prepare for a new life at the university
- a free coach collection service from Heathrow airport, providing a warm welcome and taking you and your luggage to your accommodation
- practical information and events to help you make the most of student life at the University

Here to help

Our Centre for Student Life is our one-stop hub for all of your student needs. Whether you’re looking for advice on health and wellbeing, preparing for your future, managing money or living in Cardiff, our expert, dedicated support staff will be on hand to support you.

The Centre for Student Life is home to our confidential and impartial Student Life teams. Whether you’re looking for:
- advice about money
- visa and immigration guidance
- help with your health and wellbeing
- information about careers and global opportunities
- disability support
- mentoring and study skills sessions
- help with settling into university life our specialist teams will be on hand to help you.
- counselling and wellbeing

To get in touch, our Student Connect team is your first point of contact if you need any of the above advice, information, or tailored support from our Student Life teams. Don’t forget to keep an eye out for useful events and workshops covering all sorts of helpful topics throughout the year.

In addition to the Student Life provision, every student at the University is allocated a personal tutor who can assist with a broad range of academic or personal matters. If you want to talk to someone outside of the University, the Students’ Union also has an advice centre.

OVER

33,200
STUDENTS

*WUSCA, 2022
Studying, working or volunteering abroad as part of your undergraduate university experience is a great way to broaden your academic knowledge, immerse yourself in another culture and gain skills valued by employers.

GLOBAL OPPORTUNITIES

Cardiff is a truly international university, enabling our students to take advantage of our partnerships and projects around the world.

Our Global Opportunities (GO) team is here to enhance your Cardiff experience by giving you the option of time abroad as part of your studies.

Studying, working or volunteering abroad as part of your undergraduate university experience is a great way to broaden your academic knowledge, immerse yourself in another culture and gain skills valued by employers.

Who can apply?
You can apply for a Study Abroad or international exchange programme if:
• you have studied for two years at another university which is recognised by Cardiff University
• you have achieved certain grades in the preceding years. Commonly this is a GPA of 3.0 or equivalent (on a 4.0 scale), although some Schools may require a higher average
• your home university will permit you to Study Abroad and recognise grades achieved at Cardiff University as contributing to your degree
• you are from outside the European Union.

Note: for some modules (classes/courses/units) you may be required to show you have certain pre-requisites/background knowledge.

Build your own Study Abroad Programme
Cardiff University’s academic system is modular which means you will be able to choose classes from several different subjects. You will be able to build your own programme to suit your interests and match with your degree at your home university. The full range of available modules is online:

www.cardiff.ac.uk/studyabroad

A unique Welsh cultural experience
Studying abroad at Cardiff University provides an exciting opportunity to enjoy life in one of the UK’s best student cities, with easy access to historic castles, museums, beaches and national parks. Many Study Abroad students choose to take classes about Wales and learn some of the Welsh language while they are here.

Cardiff is positioned just 2 hours from London, and is well-connected by road, rail, air and sea. Cardiff Airport is serviced by both low-cost and premium international airlines, making it a great base for exploring the UK, Europe and beyond.

Spend time abroad . . .

As part of your degree
Study or work abroad as part of your degree – add a year-long placement tasting jamón in Spain to your Spanish degree, or a semester working in innovation in South Korea to your Computer Science course. Gain valuable experience and an international perspective on your chosen subject through our exchange opportunities.

During your summer holiday
Work abroad in one of the fastest growing Asian economies in Vietnam, or source your own internship with your dream company abroad. Stand out in the global jobs market with an international internship in Mexico, USA, Canada, Germany and more.

Volunteer in the northern hills of Thailand teaching children or take part in environmental and conservation research in Madagascar. You can join teams of students in India, Fiji, Japan, Cambodia, Uganda, Zambia and beyond and work to make a positive contribution to your host community.

Why GO?
Studying, working or volunteering abroad will not only enhance your résumé by demonstrating key skills such as cross-cultural communication, flexibility and collaborative working, but can also enable you to broaden your perspectives and develop personally. Spending time abroad will enable you to:
• experience different cultures
• learn new languages and skills
• improve your understanding of the world around you
• make new friends and share unforgettable experiences
• build international connections
• enhance your résumé and improve your career prospects.

*Opportunities listed are provided as a guide. Opportunities will vary from year to year and you should check with the GO team for the most up-to-date information.
ENGLISH LANGUAGE PROGRAMMES

The English Language Programmes teaching centre offers a variety of courses ranging from eight weeks to nine months, which cater for most language levels and abilities. Students come from all over the world to improve their English before starting university study.

English for University Study

The English for University Study Programme is a full-time English language and study skills course in academic English. The course is designed to provide you with the academic study skills that you need to study effectively in a UK university.

The programme is offered as an on-campus course with approximately 20 hours of in-person classes as well as guided self-study. Our classes are interactive with a combination of group and individual work where teachers help students to become more independent learners, more proficient users of English, and better prepared for their future studies in the UK.

The English for University Study Programme is a good choice if you plan to continue your higher education studies at Cardiff University, or if you plan to continue your higher education studies at other universities. The programme is also suitable for students who are not planning to continue their education at Cardiff University, or who are not planning to study in the UK.

In-sessional English Language Support

Many international students feel that they need further help with English language after starting their academic course. If you would like to have some additional English language support, the In-sessional team can help you. In-sessional classes can improve your English language skills, including academic writing, reading and speaking.

They can also improve your confidence in using English on an everyday basis. In addition to classes, you will be able to book one-to-one tutorials to discuss your own writing or other language concerns with a qualified English language teacher. You will also be able to access self-study lessons on academic writing, grammar and vocabulary on the Cardiff University Student Intranet.

Did you know?
The English for University Study Exit Test results are accepted by all Cardiff University Schools - there is no need to sit an IELTS test.

Pre-sessional Programmes

The Pre-sessional programme provides an excellent opportunity for students holding academic offers from Cardiff University. It is a postgraduate or undergraduate level course, to take short courses in English for Academic Purposes.

These courses are highly intensive and are designed specifically for students who need only a short period of study to reach the required English language entry standard for their academic course.

We accept IELTS, TOEFL, and IGCSE/GCSE amongst many other qualifications including Indian Year 12 and WACE.

Different courses will require you to achieve different scores, however, most courses usually require a score of 6.5 in IELTS (with at least 5.5 in each sub-score) or equivalent qualification. Some courses require a higher overall score, especially those that are language-based and require more complex English usage.

You should check the website, contact the School or ask the International Office if you are unsure of the requirement. If you do not have the required English language level you may want to consider an English language course at Cardiff University.

English language requirements

In addition to academic qualifications, the University also requires an English language qualification from all applicants.

We accept IELTS, TOEFL, and IGCSE/GCSE amongst many other qualifications including Indian Year 12 and WACE.

Different courses will require you to achieve different scores, however, most courses usually require a score of 6.5 in IELTS (with at least 5.5 in each sub-score) or equivalent qualification. Some courses require a higher overall score, especially those that are language-based and require more complex English usage.

You should check the website, contact the School or ask the International Office if you are unsure of the requirement. If you do not have the required English language level you may want to consider an English language course at Cardiff University.

COMMON QUESTIONS

What if I don’t have all my qualifications/transcripts?

You do not need all your qualifications before you apply.

You can take exams and submit your results after your initial application.

My studies have been completed in English - do I still need an English qualification?

If you have previously studied in the medium of English this may be sufficient for the English requirement. This is at the discretion of the School. If you believe this could apply to you please state your reasons in your application. You may still be required to provide a recognised qualification.

How long will it take to have a decision made on my application?

The University endeavours to make a decision on applications within six weeks, however, during busy times it may take longer. If you have not had a response after six weeks please contact the International Office. Because PhD applications are more complicated, they can take longer to assess.

Find out more about our English language programmes:
Many students come to the UK to improve their job prospects. The skills you’ll develop during your studies, alongside any extracurricular activities, will offer you options whatever your chosen career. A degree is an investment for life and you will want to invest wisely.

What is the value of a Cardiff University education?
Employability is not just about getting a degree from a UK university. In an increasingly competitive global market, employers are looking for a wide range of skills and attributes.

Careers and employability
Whether you have no idea what you want to do yet, or you know where your future lies, Student Futures will support you to develop and achieve your career goals from the very beginning of your time at Cardiff University. We’re here to support and coach you to help gain the skills, experience and knowledge that will prepare you to succeed in your future.

The Student Futures Team can help you:
• Explore your options during and after University
• Develop the skills and attributes employers look for
• Get recognised for your employability with the Cardiff Award
• Access a range of work experience and internship opportunities.

The Student Futures Team also have dedicated advisers to help you plan your career and develop the ability to articulate your skills and experience to prospective employers.

Many of our graduates work for reputable, international companies, starting in graduate level positions. Below is a selection of Cardiff University’s international graduate destinations:

Deloitte • KPMG • Specsavers
• Agricultural Bank Of China • Ministry Of Health Malaysia • New Oriental Education & Technology Group • PwC • Saudi Aramco • WSP Global • Industrial And Commercial • Bank Of China • Mott Macdonald

Cardiff University was very supportive when it came to work experience and student support services; there is a big choice of different options, and everyone can find something that suits their needs and interests. I completed a primary school classroom experience project, worked as a student mentor, and worked with Rowanvale Books publishing company as one of their advance readers.

Aleksandra, Poland
English Language and German (BA)

Our international graduates were in employment and/or further study, due to start a new job or course, or doing other activities such as travelling. 94.3%

TOP TIPS TO DEVELOP EMPLOYABILITY
WHilst at university:

1. Attend employer events
Utilise the employer events that are run through your School or as part of the wider university to support with career planning, gain an understanding of UK work culture, and boost your commercial awareness of the sector you’d like to work in.

2. Gain work experience
Work experience will add a competitive edge to your applications, evidence your capability and skills, and will give you an understanding of UK work culture. It can be done in the UK or at home and be paid or unpaid. It doesn’t need to relate to your degree or the sector you want to go into, but this can be helpful. Work experience can be achieved through things like being a committee member of a club or society, becoming a Student Mentor, volunteering, doing a part time job or something more such as a placement.

3. Develop transferable skills
Common skills graduate employers look for are resilience, commercial awareness, communication, leadership, planning and research skills, adaptability, teamwork and interpersonal skills. Take time during your course and through extra curricular activities to develop these. The Skills Development Service (SDS) provides a range of training courses and sessions designed to build confidence, improve transferable skills and increase employability, as well as gaining certification.

4. Practise your English language skills
Take every opportunity to practise your spoken and written English language to make an excellent first impression communicating with UK employers. The ‘English Language Programmes Team’ offers a variety of courses for international students.

We can help you on your career journey, from freshers to graduation and beyond.

Find us on social media:
INTERNATIONAL STUDY CENTRE

A foundation or pre-master’s programme can provide an alternative route of entry onto our undergraduate and postgraduate courses.

Run in partnership with Study Group, our International Study Centre (ISC) is located in the Students’ Union and provides students with academic and study skills preparation, as well as access to the wide range of facilities available to all Cardiff University students.

The International Foundation Year provides access to almost all undergraduate subjects through one of four routes:

- Humanities, Law and Social Sciences
- Business, Economics, Accounting and Finance
- Engineering, Physical Sciences and Architecture
- Health, Medical and Life Sciences.

The Accelerated International Foundation Year provides routes into a range of undergraduate programmes in just 22 weeks, including:

- Business
- Economics
- Accounting and Finance
- Engineering
- Physical Science
- Computer Science.

The International Year One programme offers direct entry into:

- Computer Science.
- Physical Science
- Accounting and Finance
- Economics
- Business

The International Summer Schools provide a fantastic opportunity for international students who are interested in developing a sophisticated knowledge of their chosen subject area and discovering more about life for students at a leading UK university.

Pre-Master’s programmes are currently offered in:

- Business, Social Sciences and Humanities
- Computer Science.

Progression to Cardiff University degrees from all pathways are subject to students successfully meeting the relevant progression requirements.

International Summer Schools

Ideal for international students who have completed at least one year of undergraduate study at a recognised institution, our international summer schools are designed to: help you develop a sophisticated knowledge of your chosen subject area and give you an insight into life at a leading UK university.

Fixed Tuition Fees

To help plan your budget for your time in Cardiff, the University has fixed tuition fees for the duration of the course. This means your tuition fee will not rise.

Tuition fees are different for each course and there may be some exceptions. You should check the website or contact the International Office for further advice.

You can also pay your tuition fees in three instalments each year, to help manage your finances.

Funding and Scholarships

In recognition of the outstanding talent of many international students, Cardiff University offers a highly prestigious International Scholarship Fund, designed to attract and reward the best students. In addition to its own scholarship programmes, Cardiff University is also pleased to offer a number of scholarships in association with partnership organisations. Please see our website for the most up to date funding opportunities.

Living Expenses

For the 2022/23 session, the University estimated that:

- an undergraduate student (September – June) needed £10,724 a year
- a postgraduate student (September - September) needed £13,725 a year.

These estimates include university accommodation, bills, food, books, clothes, travel, telephone and social expenses.

If you are intending to bring family members, such as a spouse or child, you will need to have at least an extra £680 a month for each family member.

Working Part-Time

Cardiff University is in the middle of one of Europe’s fastest growing cities and there are many opportunities for part-time employment both on campus, and in the city. The University’s ‘Jobshop’ offers a free service to help you find part-time employment. Usual jobs for students include helping out in shops and at events, call centre work and basic office assistance.

For more information including entry requirements and fees, please visit: www.cardiff.ac.uk/isc

To find out more, visit: www.cardiff.ac.uk/study/international/summer-schools

MONEY AND LIVING EXPENSES

Cardiff has been named the most affordable city in the UK for students*

Most international students can work up to 20 hours during term time and full-time during the holidays. The University does not recommend you work the full 20 hours during the term because studying in the UK is intensive and you will need to make sure you have enough time to complete all your coursework and reading.

How does Cardiff compare with other places?

Cardiff has many advantages which make it a cheaper place to study than other university cities. These include:

- Cardiff is a compact city and the University is in the middle – therefore, you won’t have far to travel between the University, city centre shops and your accommodation.
- Cardiff is also very flat making it easy to walk or cycle around. You won’t need to spend money on buses or taxis.
- Cardiff has various bicycle and car sharing schemes that students can make use of. This will make it even easier for you to get around without large extra costs.

Fees and Funding

The table below compares average monthly rent across the UK according to the NatWest Student Living Index 2022.
