

EXTERNAL EXAMINER ANNUAL REPORT FORM

Guidance notes are available to support the completion of this Report via the Cardiff University Intranet [here](#) and from ExternalExaminers@cardiff.ac.uk.

	For completion by External Examiner:		
Name of External Examiner:	Dr Kathryn Taylor		
Home Institution / Employer of External Examiner:	Liverpool University Dental Hospital		
Programme and / or Modules Covered by this Report	3 rd intermediate BDS		
Academic Year / Period Covered by this Report:	2016-2017	Date of Report:	28/6/17

Please complete all information in the spaces provided and submit within **six weeks** of the Examining Board (the **taught stage** Examining Board in the case of **postgraduate Master's programmes**).

Please note this form will be published online and should not make any reference to any individual students or members of staff in accordance with the Data Protection Act (1998).

Please extend spaces where necessary.

1. Programme Structure (curriculum design, programme structure and level, methods of teaching and learning)

This is the Intermediate BDS section of undergraduate dentistry. At the end of BDS examinations, candidates if successful will be approved for registration by the General Dental Council.

2. Academic Standards (comparability with other UK HEIs, achievement of students, any PSRB requirements)

The programme is maintaining the threshold academic standards set for its award in accordance with the frameworks for higher education qualifications and applicable benchmark statements and I believe that the academic standards and the achievements of students are comparable with those in other UK higher education institutions of which I have experience.

3. The Assessment Process (enabling achievement of aims and learning outcomes; stretch of assessment; comparability of standards between modules of the same level)

The assessment process was valid, fair and robust and conducted in line with University regulations.

Following comments from last year, the volume of assessment had reduced (see noteworthy practice) as it was previously perceived that the amount of assessment had been excessive. The assessment remained appropriate.

4. Year-on-Year Comments

[Previous External Examiner Reports are available from the Cardiff University Website [here](#).]

The introduction of standard setting and psychometric analysis have improved the assessment process

5. Preparation for the role of External Examiner (for new External Examiners only) (appropriateness of briefing provided, visits to School, programme handbooks and supporting information)

6. Noteworthy Practice and Enhancement (good and innovative practice in learning, teaching and assessment; opportunities for enhancement of learning opportunities)

There has been the introduction of LIFTUPP for student feedback and assessment and this has improved the assessment process. This will continue to develop over time and will enhance an already robust assessment process. There have been changes to the viva process where externals are now not actively involved in the examination but are involved in quality assurance and this works very well

7. Appointment Overview (for retiring External Examiners only) (significant changes in standards, programme/discipline developments, implementation of recommendations, further areas of work)

This year there has already been the introduction of standard setting and this will continue to develop over the forthcoming years. There have been a number of improvements to the assessment process during my time as external examiner and these have enhanced the assessment process
