Please complete all information in the spaces provided and submit within **six weeks** of the Examining Board (the dissertation stage Examining Board in the case of postgraduate Master's programmes).

Please note this form will be published online and should not make any reference to any individual students or members of staff in accordance with the General Data Protection Regulation (2018).

Please extend spaces where necessary.

1. Programme Structure (curriculum design, programme structure and level, methods of teaching and learning)

The structure of the programme is obviously the fruit of considerable reflection, taking on board what has been achieved in comparable institutions, and is delivered with a high degree of professionalism.

2. Academic Standards (comparability with other UK HEIs, achievement of students, any PSRB requirements)

The standards are rigorous, comparable to the best found in leading Russell group universities, and the calibre of the work done by the students confirms this.

3. The Assessment Process (enabling achievement of aims and learning outcomes; stretch of assessment; comparability of standards between modules of the same level)

Standards were high across the boards. Students were given a clear sense of what was expected of them and the assessment process was transparent, with plenty of feedback for the students.

4. **Examination of Master's Dissertations (if applicable)** (sample of dissertations received, appropriateness of marking schemes, standard of internal marking, classification of awards)

[Where possible please complete this section following the dissertation examining board determining the final award.]

I received four dissertations. The work was varied, in some cases exceptionally good, marked according to clear criteria that rewarded the students' efforts fairly.

5. **Year-on-Year Comments**

[Previous External Examiner Reports are available from the Cardiff University Website [here](#).]

This was both the first year for the programme and my first year as external examiner.

6. **Preparation for the role of External Examiner (for new External Examiners only)** (appropriateness of briefing provided by the programme team and supporting information, visits to School, ability to meet with students, arrangements for accessing work to review)

I was well-informed every step of the way and all my questions were responded to in good time and with due consideration.

7. **Noteworthy Practice and Enhancement** (good and innovative practice in learning, teaching and assessment; opportunities for enhancement of learning opportunities)

Commendable efforts have been made to define a niche for this MA and its great strength lies in its rich interdisciplinarity.

8. **Appointment Overview (for retiring External Examiners only)** (significant changes in standards, programme/discipline developments, implementation of recommendations, further areas of work)
