### 1. Programme Structure

The programme is structured in a way to benefit the students with the difficulties of meeting theoretical and practice imperatives of any good nursing curriculum.

### 2. Academic Standards

The academic standard is comparable to my own university and other universities I had have either worked at or been an external.

### 3. The Assessment Process

Multiple assessments are utilised and benefitting varied learning styles and abilities of the student population. The dissertation modules allows the student to demonstrate an understanding of evidence and how it can be used to transform care

### 4. Year-on-Year Comments

Access to assessment via your portal can be easy with useful support from the administration team. There have been access issues this year as the portal will now only open for me with Google not internet explorer and delayed information and access to what scripts needed marking. However this was managed by the administration team very well and quickly.

## 5. Preparation / Induction Activity (for new External Examiners only)

## 6. Noteworthy Practice and Enhancement

The Portfolio does offer the ability to show continued improvement both clinically and theoretically.

## 7. Comments on the Examination of Master's Dissertations (External Examiners for postgraduate Master's Programmes only, see also Checklist Questions 9.23-9.29)

## 8. Appointment Overview (for retiring External Examiners only)

This section should be used by **retiring External Examiners only** to provide an overview of their term of office for the information of their successor.
