Cardiff: A Capital City

Lively, elegant, cosmopolitan and ambitious are all words readily used to describe modern-day Cardiff. It is a thriving city with a proud heritage and a bright future. Together, the city and University provide students with the ‘Cardiff Experience’, a lifestyle you’ll remember long after graduation.

Cardiff is also one of the UK’s major sporting centres with facilities and events to please both competitors and spectators. The Principality Stadium hosts major sporting and musical events throughout the year and the atmosphere on an international match day is certainly not to be missed! With stunning countryside and a number of coastal towns all within easy reach, there are many things to see and do in the area. If you intend to extend your visit, you may like to explore the Brecon Beacons National Park, immerse yourself in history at St Fagans National History Museum, or simply enjoy the atmosphere at one of Europe’s largest waterfront developments, Cardiff Bay.

Over 30,000 students call Cardiff University home, meaning those who join us become part of a large, vibrant community from all around the world. Combining the vibrant capital city lifestyle with an affordable cost of living, Cardiff caters for all students from an array of backgrounds - making it a welcoming and exciting place to study.

“Compact, multicultural Cardiff dances to its own beat, with abundant cultural and historical sights, independent businesses and a friendly atmosphere.”
