1. Programme Structure

Content of the programme is at an appropriate level and material stays current with a continuously changing external environment in this area

2. Academic Standards

Academic standards/expectations are appropriate for international programme. Students successfully completing this programme will have competitive skills and knowledge relative to job candidates seeking entry level jobs in relevant industries.

3. The Assessment Process

The assessment process is well-designed and consistently applied. Care should be taken in assessments that have a substantial subjective element. Use of second marker in these cases provides appropriate check.
