### 1. Programme Structure

The German programmes at Cardiff impress by their interesting choice of modules and the synergy they create for students. The curriculum builds on the learning outcomes of each preceding year and provides students with an excellent learning experience.

### 2. Academic Standards

The standards of the Cardiff German programmes are very high and succeed in attracting highly suitable students who then benefit from the excellent teaching & learning experience they find at Cardiff. I was particularly impressed by the very low rate of “problem” students failing to engage compared with other institutions.

### 3. The Assessment Process

I found no faults with the assessment process. It is undertaken in an exemplary way, a good balance of assessment methods, appropriate level of difficulty, fair and transparent marking, no overload of assessments, etc.

### 4. Year-on-Year Comments

The few points that I raised last year were promptly and satisfactorily acted on.

### 5. Preparation / Induction Activity (for new External Examiners only)

N/A

## **6. Noteworthy Practice and Enhancement**

No comment to make here except that it would be helpful to receive scripts slightly more in advance of the exam board – I had enough time to examine them all but in case of unforeseeable circumstances such as illness or so time would probably not have sufficed.

## **7. Appointment Overview (for retiring External Examiners only)**
