1. Programme Structure

The curriculum appears appropriate to the programme and is consistent with similar programmes nationally and internationally. The theoretical components are neatly embedded within nursing practice. The reflective practice and the professional and personal development aspects are very positive elements of the overall programme.

2. Academic Standards

The academic standards are comparable with similar programmes.

3. The Assessment Process

There was clear evidence of fair and robust marking processes that are transparent and student focussed. I attended the assessment day where students presented their work with families. I was very impressed with the work overall and the students demonstrated the ability to work together in a collaborative way to recognise and fulfil the holistic care needs of both individuals and families.

4. Year-on-Year Comments

This is my first year as External Examiner to the Programme. My experience thus far has been enlightening and rewarding.

5. Preparation / Induction Activity (for new External Examiners only)

Unfortunately I was unable to attend the induction day. However, I received all of the necessary information regarding my role, etc.

6. Noteworthy Practice and Enhancement

I particularly liked the service user and carer element contained within the portfolio. Service users and carers are able to comment on the students work and recommend areas for development. Some of the comments are particularly poignant particularly around attitudes, experiences and beliefs of people who use our services.

7. Appointment Overview (for retiring External Examiners only)

N/A.
