Please complete all information in the spaces provided and submit within **six weeks** of the Examining Board (the **taught stage** Examining Board in the case of **postgraduate Master's programmes**).

**Please note this form will be published online and should not make any reference to any individual students or members of staff in accordance with the Data Protection Act (1998).**

Please extend spaces where necessary.

**1. Programme Structure** (curriculum design, programme structure and level, methods of teaching and learning)

The programme meets the requirements of the GDC UK. The programme is comparable to all other BDS programmes in UK

**2. Academic Standards** (comparability with other UK HEIs, achievement of students, any PSRB requirements)

The programme achieves high academic standards. In my opinion it meets the requirements of the registration examination of the GDC

**3. The Assessment Process** (enabling achievement of aims and learning outcomes; stretch of assessment; comparability of standards between modules of the same level)

A number of different assessment methods are used in this part of the examination which equates with best practice. Learning outcomes are addressed and achieved. The assessment could perhaps stretch the students more although the range does

allow the delivery of a range of marks. The range does mean there are few first class awards.

#### 4. Year-on-Year Comments

[Previous External Examiner Reports are available from the Cardiff University Website [here.](#)]  
All recommended changes have been discussed at length and where possible and appropriate have been introduced

#### 5. Preparation for the role of External Examiner (for new External Examiners only) (appropriateness of briefing provided, visits to School, programme handbooks and supporting information)

Third year of examining. Preparation is very good

#### 6. Noteworthy Practice and Enhancement (good and innovative practice in learning, teaching and assessment; opportunities for enhancement of learning opportunities)

Good practice by use of psychometric analysis

New processes have allowed unseen case part D to develop nicely

#### 7. Appointment Overview (for retiring External Examiners only) (significant changes in standards, programme/discipline developments, implementation of recommendations, further areas of work)
