1. Programme Structure

I think this DProf is innovative and affords lots of opportunity for cross-disciplinary work. Students therefore get the benefit of working with colleagues from other professions while being able to specialise their own study to their own professional development.

2. Academic Standards

From the work I have seen I think the professional standards are appropriate for level 8 work and candidates have access to high quality tutors in a supportive environment

3. The Assessment Process

I have seen draft and final submissions and can therefore see the progression that student go through and their ability to build upon formative feedback on their work from draft to final submission.

4. Year-on-Year Comments

This is my first year of appointment.

5. Preparation / Induction Activity (for new External Examiners only)

The programme team and admin support have been very helpful and welcoming and have given me a good introduction to the programme. Some universities provide an induction to external examiners which doesn't seem to have been in place. I'm not sure its needed unless there are some University wide requirements from externals that I am unaware of. However, sometimes help becoming familiar with the university structure, procedures and IT systems can make the job easier to navigate.

6. Noteworthy Practice and Enhancement

The exam board ran extremely smoothly and this was evidently because of a good deal of preparation and organisation by the programme leader and the admin support.

I was also able to meet some students from the programme who were extremely enthusiastic about their learning and proud ambassadors for the programme. I was extremely impressed by how they felt their learning on the programme had enhanced their professional practice and insight into their decision-making.

SAMPLING OF TAUGHT MASTER'S DISSERTATIONS BY EXTERNAL EXAMINERS

External Examiners shall be expected to see prescribed numbers and ranges of Dissertations, but not to mark them, on the following basis:

At least 10% of Dissertations for a postgraduate taught Master's Programme, or a minimum of 10 (whichever is the higher figure) must be seen by the External Examiner(s). Where the total number is less than 10, all Dissertations must be seen by the External Examiner(s) #.

Dissertations seen by External Examiners should include examples from across the whole range of achievement (i.e. Pass with Distinction, Pass, Fail).

External Examiners will retain the right to see other Dissertations at random.

Where more than one External Examiner is appointed on a Programme, at least 10% of Dissertations, or a minimum of 10 (whichever is the higher figure), should be seen collectively by the External Examiners.
