### 1. Programme Structure

I am confident that the MSc in Strategic Marketing is a strong programme that reflects the reputation of the host department. The range of modules available helps students acquire a set of complementary skills necessary for a successful career in marketing.

### 2. Academic Standards

The academic standards are high and comparable to those of other institutions (of the same calibre) in the United Kingdom. Likewise the quality of student work is of similar standards to other institutions where I have worked or have acted as External Examiner.

### 3. The Assessment Process

The assessment process is rigorous and the quality of feedback provided to student work is particularly high. There is evidence of second/sample marking on exam scripts and assignments but this could be more clearly documented by means of a form. All the assessments I have reviewed were appropriate for the level examined and in line with the learning outcomes intended to test.

### 4. Year-on-Year Comments

N/A – This is my first year as External Examiner

## **5. Preparation / Induction Activity (for new External Examiners only)**

An induction and briefing meeting for newly-appointed external examiners was organised by Cardiff University on 20<sup>th</sup> March 2014. Unfortunately I could not attend this; however the material covered was made available to me.

## **6. Noteworthy Practice and Enhancement**

Enhancement in the way material is presented to the External Examiner is possible. It would be advisable if assessment packs included each module's outline, questions and indicative answers and the module leader's reflective report on student performance.

## **7. Appointment Overview (for retiring External Examiners only)**

N/A
