1. Programme Structure

The programmes included in this report are structured well. They are designed to meet the needs of students. The assessments used throughout the programmes measure student achievement and the assessments meet the learning outcomes of the programmes

2. Academic Standards

The standards on the programmes that I have reviewed are of a high standard and comparable with other HE intuitions in the UK and Ireland

3. The Assessment Process

The programmes are assessed fairly and the assessments are appropriate for each programme of study. The assessments are designed to assess the learning outcomes of the programmes which they do very well.

4. Year-on-Year Comments

I am very impressed with the standard of student work and the level and depth of feedback provided by the teaching teams. The marking is of a high standard and the marking and grades awarded is consistent across all programmes.

5. Preparation / Induction Activity (for new External Examiners only)

6. Noteworthy Practice and Enhancement

I have been very impressed by the feedback provided by students on the MSc Advanced practice programme. Lecturing staff provide very comprehensive feedback that is both constructive and helpful to students. This is to be commended.

Lecturing staff maintain high standards and are very fair and consistent in their approach to marking students work.

The internal moderation system in place is very good and robust. This is an approach that I would strongly support as it adds a further quality element to your programmes

7. Appointment Overview (for retiring External Examiners only)
