Please note this form will be published online and should not make any reference to any individual students or members of staff in accordance with the Data Protection Act (1998).

Please extend spaces where necessary.

1. Programme Structure (curriculum design, programme structure and level, methods of teaching and learning)

The recent changes around the number of modules undertaken by the students have no obvious impact. The structure remains coherent and fit for purpose.

2. Academic Standards (comparability with other UK HEIs, achievement of students, any PSRB requirements)

As in previous years the standards reflect the very highest quality and are excellent examples of good academic practice.

3. The Assessment Process (enabling achievement of aims and learning outcomes; stretch of assessment; comparability of standards between modules of the same level)

Good. This is a highlight of the programme for especially the use of comments on drafts. This practice enables those students who engage with the process to improve their overall grade and understanding of the topic area.

4. Year-on-Year Comments

[Previous External Examiner Reports are available from the Cardiff University Website [here](#).]

The most impressive aspect of this programme is the consistency in achieving the highest standards of teaching, learning and assessment. In my time as examiner standards have not waivered even with changes of staff. This is and looks set to remain an excellent programme.

5. Preparation for the role of External Examiner (for new External Examiners only) (appropriateness of briefing provided, visits to School, programme handbooks and supporting information)

Excellent. The communication in terms of content and timeliness of receiving materials is a real strong point and a credit to the administrator.

6. Noteworthy Practice and Enhancement (good and innovative practice in learning, teaching and assessment; opportunities for enhancement of learning opportunities)

The ability to submit drafts on all modules and the use of a variety of staff on SIR060. This was marked out by the students as a highlight of their experience and a practice which may usefully be spread across other modules.

7. Appointment Overview (for retiring External Examiners only) (significant changes in standards, programme/discipline developments, implementation of recommendations, further areas of work)
