Travel Options

As part of the University's commitment to managing the impact that transport generated by our activities has on the local environment and community, we encourage you where possible to travel to the University by sustainable modes of travel.

Sustainable Travel Options

Cathays rail station is located at the heart of our campus and www.traveline.info provides details of rail and bus options available. We also provide secure parking for those travelling by bike.

Motorbike parking is available on site.

Car Parking

Delegates who wish to bring a car whilst attending a meeting at University Hall will need to pre-book and pay for a space using RingGo.

Costs as follows:

- £3 for half day (4.5 hrs from the start of your selected booking time)
- £6 for a full day (up to midnight)

Parking is provided on a first come first served basis and must be pre-booked and paid for before arriving on site using the [RingGo application or website](#). The code **39369** needs to be entered into RingGo to be able to search and book the car park.

Please ensure that you park within a pre-payable bay if using this code. These bays are predominantly marked by red lines.

IMPORTANT: This code is not included on the codes displayed on car park signage for Public Pay for Parking out of hours. Please book early as the number of bays is limited and demand is high.

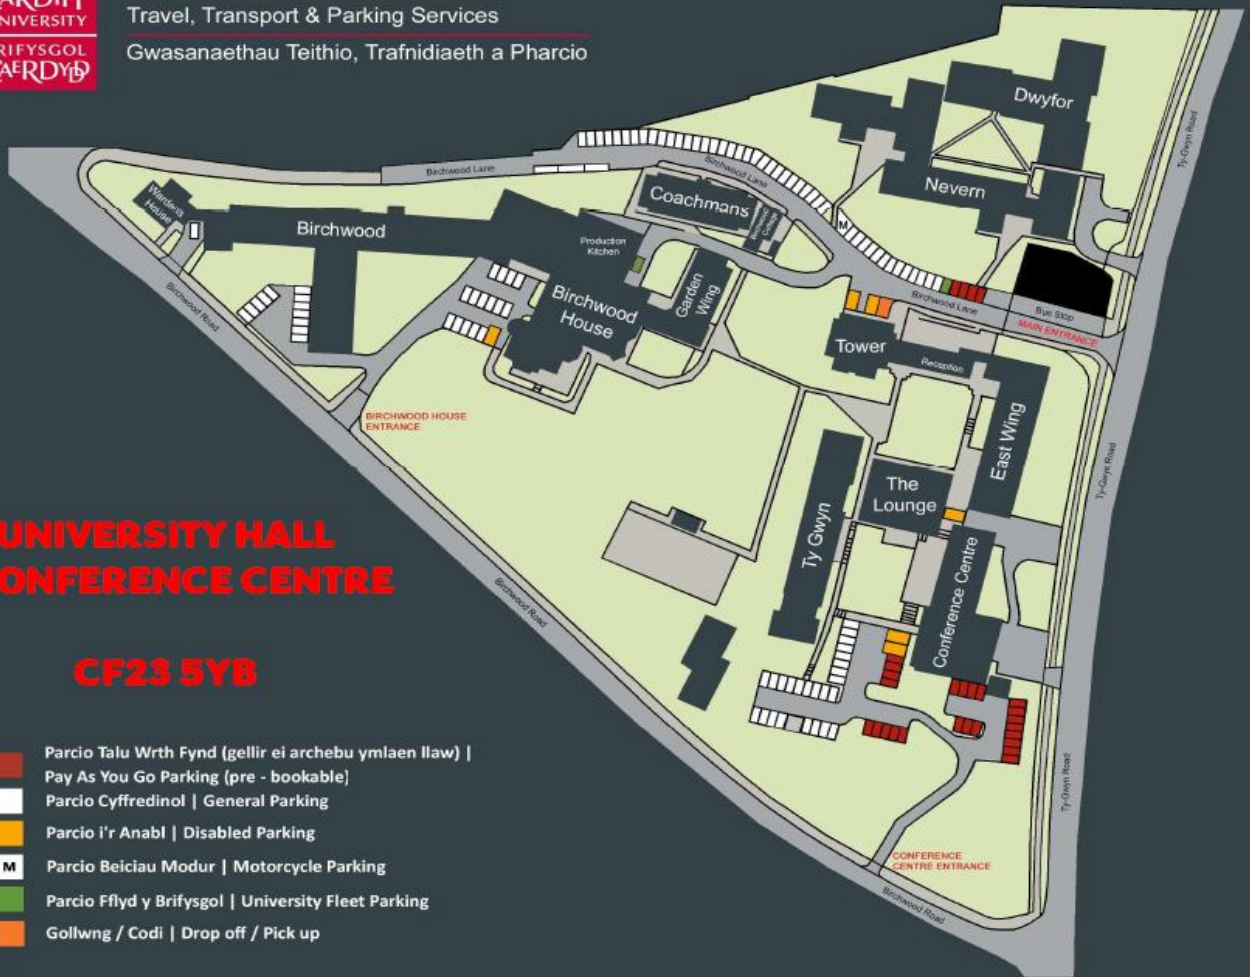

Automatic Number Plate Recognition (ANPR) technology is in place within our car parks and a foot patrol team support our compliance management.
