**1. Programme Structure**

The course retains its relevant and strong structure although the relevant fields continue to develop quickly.

**2. Academic Standards**

Academic standards are high

**3. The Assessment Process**

Thorough and appropriate. Range of available projects is a particular strength.

**4. Year-on-Year Comments**

I was unable to attend either exam board this year, but was provided with the full report for the board from which it is clear that standards have remained consistent with previous years.

**5. Preparation / Induction Activity (for new External Examiners only)**

N/A

**6. Noteworthy Practice and Enhancement**

The course remains a strong and much needed option for students. Award of MRC studentships has helped in increasing students numbers back towards earlier levels.

### **7. Appointment Overview (for retiring External Examiners only)**

Throughout my appointment I have been impressed by the thoroughness and level of commitment of all academic staff involved in this course. This course faces particular challenges due to the fast moving nature of the field and variable numbers of students. It is a credit to the course organisers that the course continues to thrive. I have found my term as external examiner to be enjoyable and rewarding.
