### 1. Programme Structure

The programme runs over 3 years. The endodontic section is mainly in the latter 2 years. Some of the year 2 students struggled with some year 1 material, e.g. processes for clinical examination and their understanding of basic occlusal principles.

### 2. Academic Standards

The academic standards are consistent with other institutions I have examined at.

### 3. The Assessment Process

I would encourage the school to review the level of question in the MSA section in view of renewal of the MEndo MoU with the RCS Edinburgh which is due over the next year (approximately). The questions were marked fairly and appropriately and I would suggest the level is reviewed at the time of renewal as opposed to implementing two changes in consecutive years.

There was a marked difference in the treatment planning skills in the seen and unseen cases for year 2 students. The unseen cases exposed and challenged the students more

#### **4. Year-on-Year Comments**

The year 3 students demonstrated a marked improvement in their performance compared to last year.

This was very pleasing to see and all concerned are to be congratulated in the educational programme and support they have provided over the past year.

#### **5. Preparation / Induction Activity (for new External Examiners only)**

N/A.

#### **6. Noteworthy Practice and Enhancement**

#### **7. Appointment Overview (for retiring External Examiners only)**
